College, a
sophomore
named Talia
Ray asked her
roommates if
her father

could stay with them for a while. No one objected. Her father, Larry Ray, was just released from prison, having spent three years behind bars after a conviction during a bitter custody dispute. Larry Ray arrived at the dorm, a communal house called Slonim Woods 9, and stayed for the whole year. Over the course of innumerable counseling sessions and “family meetings,” the intense and forceful

Ray convinced his daughter’s friends that he alone could help them “achieve clarity.” Eventually, Ray and the students moved into a small Manhattan apartment, beginning years of manipulation and abuse, as Ray tightened his control over his young charges through blackmail, extortion, and ritualized humiliation. After a decade of secrecy, in 2020, Larry Ray was finally indicted

on charges of extortion, sex trafficking, forced labor, and money laundering. Daniel Barban Levin was one of the original residents of Slonim Woods 9. Beginning the moment Daniel set foot on Sarah Lawrence’s idyllic campus and spanning the two years he spent in the grip of a megalomaniac, this brave, lyrical, and redemptive memoir reveals how a group of friends were led from college to a cult without

the world even noticing. *George (Scholastic Gold)* Seal Press

Everything You Need to Know to Become Your Kids' "Go-To" Person about Sex
Turtleback Geared to readers from preschool to age eight, What Makes a

Baby is a book for every kind of family and every kind of kid. It is a twenty-first century children's picture book about conception, gestation, and birth, which reflects the reality of our modern time by being inclusive of all kinds of kids, adults, and families, regardless of how many people were involved, their orientation, gender and other identity, or family composition. Just as important, the

story doesn't gender people or body parts, so most parents and families will find that it leaves room for them to educate their child without having to erase their own experience. Written by a certified sexuality educator, Cory Silverberg, and illustrated by award-winning Canadian artist Fiona Smyth, What Makes a Baby is as fun to look at as it is useful to read. *Let's Talk about S-e-x*

<p>Simon and Schuster A provocative inquiry into how we teach our children about bodies, sex, relationships and equality-- with revelatory, practical takeaways from the author's research and eye-opening observations from the world-famous Dutch approach Award-winning author Bonnie J. Rough never expected to write a book about sex, but life handed her a revelation too</p>	<p>vital to ignore. As an American parent grappling with concerns about raising children in a society steeped in stereotypes and sexual shame, she couldn't quite picture how to teach the facts of life with a fearless, easygoing, positive attitude. Then a job change relocated her family to Amsterdam, where she soon witnessed the relaxed and egalitarian sexual</p>	<p>attitudes of the Dutch. There, she discovered, children learn from babyhood that bodies are normal, the world's best sex ed begins in kindergarten, cooties are a foreign concept, puberty is no big surprise, and questions about sex are welcome at the dinner table. In <i>Beyond Birds and Bees</i>, Rough reveals how although normalizing human sexuality may sound risky, doing so</p>

actually prevents unintended consequences, leads to better health and success for our children, and lays the foundation for a future of gender equality. Exploring how the Dutch example translates to American life, Rough highlights a growing wave of ambitious American parents, educators, and influencers poised to transform sex ed--and our society--for

the better, and shows how families everywhere can give a modern lift to the birds and bees. Down to earth and up to the minute with our profound new cultural conversations about gender, sex, power, autonomy, diversity, and consent, Rough's careful research and engaging storytelling illuminate a forward path for a groundbreaking generation of Americans who want clear

examples and actionable steps for how to support children's sexual development--and overall wellbeing--from birth onward at home, in schools, and across our evolving culture.

It's Kind of a Funny Story

Farrar, Straus and Giroux (BYR)
In a terrifyingly

short time, a male college instructor and his female student descend from a discussion of her grades into a modern reprise of the Inquisition. Innocuous remarks suddenly turn damning. Socratic dialogue gives way to heated assault. And the relationship between a somewhat fatuous teacher and his seemingly hapless pupil turns into a fiendishly accurate X ray of the mechanisms

of power, censorship, and abuse. It's Not the Stork! Sex Is a Funny Word A Book about Bodies, Feelings, and YOU

Is a Funny Word is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. In My Gender Workbook, transgender activist Kate Bornstein brings theory down to Earth and provides a practical approach to living with or without a gender. Bornstein starts from the premise that there are not just two genders performed in today's world, but countless

Using a unique, deceptively simple and always entertaining workbook format, complete with quizzes, exercises, and puzzles, Bornstein gently but firmly guides readers toward discovering their own unique gender identity.
