Did Jesus claim to be the "bridegroom"? If so, what did he mean by this claim? When Jesus says that the wedding guests should not fast "while the bridegroom is with

them" (Mark 2:19), he is claiming to be a bridegroom by intentionally alluding to a rich tradition from the Hebrew Bible. By eating and drinking with "tax collectors and other sinners," Jesus was inviting people to join him in celebrating the eschatological banquet. While there is no single text in the Hebrew Bible or the literature of the Second Temple Period which states the "messiah is like a bridegroom," the elements for such a claim are present in several texts in Isaiah, Jeremiah, and Hosea. By claiming that his ministry was an ongoing wedding celebration he signaled the end of the Exile and the restoration of Israel to her position as the Lord's beloved wife. This book argues

that Jesus combined the tradition of an eschatological banquet with a marriage metaphor in order to describe the end of the Exile as a wedding banquet.

*Welcoming Each Wonder* Wild Goose Publications

In the seventeenth century, Japanese popular prose flourished as waves of newly literate readers gained access to the printed word.

Commercial publishers released vast numbers of titles in response to readers' hunger for books that promised them potent knowledge. However, traditional literary histories of this period position the writings of Ihara Saikaku at center stage, largely neglecting the breadth of popular prose. In the first comprehensive study of the birth of Japanese commercial publishing, Laura Moretti investigates the vibrant world of vernacular popular

literature. She marshals new data on the magnitude of the seventeenth-century publishing business and highlights the diversity and porosity of its publishing genres. Moretti explores how booksellers sparked interest among readers across the spectrum of literacies and demonstrates how they tantalized consumers with vital ethical, religious, societal, and interpersonal knowledge. She recasts books as tools for knowledge making, arguing that popular prose engaged its audience cognitively as well as aesthetically and emotionally to satisfy a burgeoning curiosity about the world. Crucially, Moretti shows, readers experienced

entertainment within the didactic, finding pleasure in the profit gained from acquiring knowledge by interacting with transformative literature. Drawing on a rich variety of archival materials to present a vivid portrait of seventeenth-century Japanese publishing, *Pleasure in Profit* also speaks to broader conversations about the category of the literary by offering a new view of popular prose that celebrates plurality.

 Scholars in many of the disciplines surrounding politics explicitly utilize either a narrative perspective or a metaphor perspective (though rarely the two in combination) to analyze issues -- theoretical and practical, domestic and international -- in the broad field of politics. Among the topics they have studied are: competing metaphors for the state or nation

which have been coined over the centuries in diverse cultures; the frequency with which communal and international conflicts are generated, at least in part, by the clashing religious and historical narratives held by opposing groups; the cognitive short-cuts employing metaphor by which citizens make sense of politics; the need for political candidates to project a convincing self-narrative; the extent to which the metaphors used to formulate social issues determine the policies which will be developed to resolve them; the failure of narratives around the security of the nation to take account of the individual experiences of women and children.

This volume is the first in which eminent scholars from disciplines as diverse as social psychology, anthropology, political theory, international relations, feminist political science, and media studies, have sought to integrate the narrative and the metaphor perspectives on politics. It will appeal to any scholar interested in the many ways in which narrative and metaphor function in combination as cognitive and rhetorical instruments in discourse around politics.

Viktor Sokolov does not know if he should love his beautiful new wife ... or kill her. Growing up with a father who held a high position in the Russian mob, Alexandra Volkin was thrilled when her parents signed a contract promising her

to a Russian mob boss, even though she'd never met him. All she ever wanted was to be the powerful woman of a man all respected.

When she was killed and she was promised to another, Alexandra is almost unfazed. One mob boss is as good as another. Besides, she can not deny the strong attraction she feels for Viktor.

Alexandra learned at a young age that sex equals power, and she is about to exercise a heavy dose of power on her new, coldly distant husband. It's not long, though, before she learns Viktor believes her father has murdered his own. Through a dark twist of fate, Viktor marries the woman for his murdered father-and his lovely bride's own

father is the likely murderer. As the saying goes, keep your friends close and your enemies closer. It's not so big and sacrificing when your enemy is your sexy new wife. Viktor does not have the stomach for the brutal violence his father has exacted on his enemies, but it's almost certain that his wife's father killed his own father, and that leaves him with little choice. Yet, while he can ignore his pretty wife's pleas, her insistence that her father is innocent ... ignoring how she makes him feel a whole different challenge. There isn't going to be a happily ever after for the two of them. Unless, that is, she can prove her father's innocence.
