Zero Zero Zero Hachette Australia
 In Italy's impoverished south, choices are limited. Rules and traditions are more powerful than the lives of individuals, and young Italians who stand on the right side of the law still find themselves on the frontline. In 'The Opposite of Death', Maria is a seventeen-year-old widow before she has even made it to the altar; her fiancé enlisted and died in Afghanistan to avoid a life controlled by the mafia. In 'The Ring', a tale of bloody vengeance, a young woman comes to visit from the north, bringing with her ignorance and prejudice. Two women at separate poles of experience. Roberto Saviano has become a symbol of a whole generation of lost young Italians; these stories demonstrate once more the

commitment to truth and justice that made Gomorrah such an exceptionally brave book.

Zero Zero Zero Verso Books

Traces the 1990s collaborative effort between two U.S. agents and a security chief for a notorious Colombian drug cartel to dismantle the organization and bring its leaders to justice, a life-risking venture marked by a race to extract damaging evidence and protect the life of a key witness.

The Valley of the Shadow of Death

Random House

'Breaking Bad meets City of God' Roberto Saviano, author of Gomorrah HUSBAND. This is the story of an ordinary man who became the king of the largest slum in Rio, the head of a drug cartel and Brazil's most notorious criminal. FATHER. A man who tried to bring welfare and justice to a playground of gang culture and

destitution, while everyone around him drew guns and partied. DRUG LORD. It's a story of gold-hunters and evangelical pastors, bent police and rich-kid addicts, politicians and drug lords and the battle for the beautiful but damned city of Rio. MOST WANTED CRIMINAL.

Love, Sex and Other Foreign Policy Goals Little, Brown

An electrifying, internationally bestselling investigation of the global cocaine trade now a series on Prime Video starring Andrea Riseborough, Dane DeHaan, and Gabriel Byrne, from the author of the #1 international bestseller Gomorrah "Zero zero zero" flour is the finest, whitest available. It is also the nickname among narcotraffickers for the purest cocaine on the market. And it is the title of Roberto Saviano's unforgettable exploration of the inner workings of the global cocaine trade—its rules and armies, and the true

depth of its reach into the world economy. Saviano's *Gomorra*, his explosive account of the Neapolitan mob, the Camorra, was a worldwide sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four-hour police protection for more than eight years. During this time he has come to know law enforcement agencies and officials around the world. With their cooperation, Saviano has broadened his perspective to take in the entire global "corporate" entity that is the drug trade and the complex money-laundering operations that allow it to function, often with the help of the world's biggest banks. The result is a harrowing and groundbreaking synthesis of literary narrative and geopolitical analysis exploring one of the most powerful dark forces in our economy. Saviano tracks the shift in the cocaine trade's axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances with crime syndicates across the globe. He charts the increasing sophistication of these criminal entities as they diversify into other products and markets. He also reveals the astonishing increase in the severity of violence as they have fought to protect and extend their power. Saviano is a writer and journalist of rare courage and a thinker of impressive intellectual depth, able to see connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. Both heart-racing and eye-opening, *ZeroZeroZero* is an investigative story like none other. Praise for *ZeroZeroZero*: "[Saviano] has developed a literary style that switches from vivid descriptions of human depravity to a philosophical consideration of the meaning of violence in the modern world. . . . Most important of all is the hope Saviano gives to countless victims of criminal violence by standing up to its perpetrators."

—Financial Times

Savage Kiss Random House Canada
Amelia Bradbury is the last living Elder. She has power she can't control, a prophecy dictating her fate, a betrothal she can't stop and a heart lost to a human. When duty calls, will she choose her head or her heart?

And, The Opposite of Death Vintage Canada

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel

Hernández, *Narcoland* has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, *Narcoland* takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names – not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

El Narco Penguin UK

Perhaps no twentieth century writer was so observant and elegant a chronicler of his times as Truman Capote. Whether he was profiling the rich and famous or creating indelible word-pictures of events and places near and far, Capote's eye for detail and dazzling style made his reportage and commentary undeniable triumphs of the form. *Portraits and Observations* is the first volume devoted solely to all the essays ever published by this most beloved of writers. From his travel sketches of Brooklyn, New Orleans, and Hollywood, written when he was twenty-two, to meditations about fame, fortune, and the writer's art at the peak of his career, to the brief works penned during the isolated denouement of his life, these essays provide an essential window into mid-twentieth-century America as offered by one of its canniest observers. Included are such celebrated masterpieces of narrative nonfiction as "The Muses Are Heard" and the short nonfiction novel "Handcarved Coffins," as well as many long-out-of-print essays, including portraits of Isak Dinesen, Mae West, Marcel

Duchamp, Humphrey Bogart, and Marilyn Monroe. Among the highlights are "Ghosts in Sunlight: The Filming of *In Cold Blood*," "Preface to *Music for Chameleons*," in which Capote candidly recounts the highs and lows of his long career, and a playful self-portrait in the form of an imaginary self-interview. The book concludes with the author's last written words, composed the day before his death in 1984, the recently discovered "Remembering Willa Cather," Capote's touching recollection of his encounter with the author when he was a young man at the dawn of his career. *Portraits and Observations* puts on display the full spectrum of Truman Capote's brilliance. Certainly, Capote was, as Somerset Maugham famously called him, "a stylist of the first quality." But as the pieces gathered here remind us, he was also an artist of remarkable substance.

The Piranhas Penguin UK

The immigrant tenants of a building in Rome offer skewed accounts of a murder in this prize-winning satire by the Algerian-born Italian author (Publishers Weekly). Piazza Vittorio is home to a polyglot community of immigrants who have come to Rome from all over the world. But when a tenant is murdered in the building's elevator, the delicate balance is thrown into disarray. As each of the victim's neighbors is questioned by the police, readers are offered an all-access pass into the most colorful neighborhood in contemporary Rome. With language as colorful as the neighborhood it describes, each character takes his or her turn "giving evidence." Their various stories reveal much about the drama of racial identity and the anxieties of a life spent on society's margins, but also bring to life the hilarious imbrolios of this melting pot Italian culture. "Their frequently wild testimony teases out intriguing psychological and social insight alongside a playful whodunit plot." —Publishers Weekly

Red Mafiya Verso Books

"First published in the United Kingdom in 2015 by Jonathan Cape, an imprint of Vintage Publishing."

Wie Kokain die Welt beherrscht Farrar, Straus and Giroux

From the acclaimed author of "The Power of the Dog" and continuing the harrowing story of the Mexican-American drug wars that fueled it--an electrifying new novel that spanning a decade brings this tale of greed and corruption, revenge and justice, heroism, and deceit into the present moment. Tall Premium Edition.zard.

Inside the Medellín Cartel - An Astonishing True Story of Murder,

Money and International Corruption

Random House

'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. *El Narco* is the story of the ultraviolent criminal organizations that have turned huge areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ioan Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. *El Narco* is required reading for anyone concerned about one of the most important news stories of the decade.

The Fleet That Battled to Malta, 1942 Head of Zeus

Renowned historian Max Hastings recreates one of the most thrilling events of World War II: Operation Pedestal, the British action to save its troops from starvation on Malta—an action-packed tale of courage, fortitude, loss, and triumph against all odds. In 1940, Hitler had two choices when it came to the Mediterranean region: stay out, or commit sufficient forces to expel the British from the Middle East. Against his generals' advice, the Fuhrer committed a major strategic blunder. He ordered the Wehrmacht to seize Crete, allowing the longtime British bastion of Malta to remain in Allied hands. Over the fall of 1941, the Royal Navy and RAF, aided by British intelligence, used the island to launch a punishing campaign against the Germans, sinking more than 75 percent of their supply ships destined for North Africa. But by spring 1942, the British lost their advantage. In April and May, the Luftwaffe dropped more bombs on Malta than London received in the blitz. A succession of British attempts to supply and reinforce the island by convoy during the spring and

summer of 1942 failed. British submarines and surface warships were withdrawn, and the remaining forces were on the brink of starvation. Operation Pedestal chronicles the ensuing British mission to save those troops. Over twelve days in August, German and Italian forces faced off against British air and naval fleets in one of the fiercest battles of the war, while ships packed with supplies were painstakingly divided and dispersed. In the end only a handful of the Allied ships made it, most important among them the SS *Ohio*, carrying the much-needed fuel to the men on Malta. As Hastings makes clear, while the Germans claimed victory, it was the British who ultimately prevailed, for Malta remained a crucial asset that helped lead to the Nazis' eventual defeat. While the Royal Navy never again attempted an operation on such scale, Hastings argues that without that August convoy the British on Malta would not have survived. In the cruel accountancy of war, the price was worth paying.

How the Russian Mob Has Invaded America Penguin

Joined by award-winning Mexican journalist Luis Nájera, leading organized-crime author Peter Edwards introduces a motley assortment of millennial bikers, gangsters and Mafia whose bloody trail of murders and schemes gone wrong led to the arrival in Canada of the world's most dangerous criminal organizations: the drug cartels of Mexico. A man watching the Euro Cup on a restaurant patio is shot dead on a busy Sunday afternoon in Toronto. Another dies in a sidewalk ambush just outside a bus-tling college campus. Two men in a Vancouver hotel lobby are gunned down in an attack that sends an American soccer star scrambling for cover. In Mexico, a Canadian is killed at a Nuevo Vallarta coffee shop, his death barely registering amidst the terrifying death tolls of President Calderón's war on drugs and the cartels' response; while a Montreal cop is beaten within an inch of his life in a Playa del Carmen nightclub. An infamous heckler from an NBA Toronto Raptors game turns up dead in a bullet-riddled car in a midtown lane-way. Throughout the 2010s, these and other disparate acts of violence entered the public awareness like iso-lated tragedies—but there was nothing isolated about them. In this masterly investigation, veteran journalists Peter Edwards and Luis Nájera introduce readers to the common cause of a near-decade of chaos. Meet the Wolfpack, millennial-aged gangsters from across the spectrum of Canada's underworld. Vying to fast-track their way into the criminal void left by the death of

Montreal godfather Vito Rizzuto, the Wolfpack sought advantage in a steady supply of cocaine from El Chapo Guzmán's Sinaloa cartel, among the deadliest and most far-reaching of criminal organizations. The juniors had just stepped into the big leagues. This is the roiling landscape of *The Wolfpack*, a brilliant examination of a time of criminal disruption and rapid adaptation, when one gang's unchecked ambition unwittingly gave away the most hotly contested corner of the Canadian underworld without a fight. Brazen criminal disruptors or entitled upstarts looking to get rich without paying their dues—whatever you think of them, you will never forget the Wolfpack.

Operation Pedestal Vintage Crime/Black Lizard

Roberto Saviano returns to the streets of Naples and the boy bosses who run them in *Savage Kiss*, the hotly anticipated follow-up to *The Piranhas*, the bestselling novel and major motion picture Nicolas Fiorillo and his gang of children—his paranza—control the squares of Forcella after their rapid rise to power. But it isn't easy being at the top. Now that the *Piranhas* have power in the city, Nicolas must undermine the old families of the Camorra and remain united among themselves. Every paranzino has his own vendettas and dreams to pursue—dreams that might go beyond the laws of the gang. A new war may be about to break out in this city of cutthroat bargaining, ruthless betrayal, and brutal revenge. Saviano continues the story of the disillusioned boys of Forcella, the paranzini ready to give and receive kisses that leave a taste of blood. Saviano's *Gomorra* was a worldwide sensation, and *The Piranhas*, called "raw and shocking" by *The New York Times Book Review*, captured readers with its tale of raw criminal ambition, told with "openhearted rashness" (Elena Ferrante). *Savage Kiss*, which again draws on the skills of translator Antony Shugaar, is the latest thrilling installment from the brilliant Italian novelist.

MacLehose Press

In the past decade, from Brighton Beach to Moscow, Toronto to Hong Kong, the Russian mob has become the world's fastest-growing criminal superpower. Trafficking in prostitutes, heroin, and missiles, the mafiya poses an enormous threat to global stability and safety. Today, the mafiya controls over 80 percent of Russia's banks and has siphoned off billions of dollars in Western loans and aid, almost certainly derailing the chance for a stable democracy there. But that is just the beginning, for the mafiya is now in

every corner of the United States and has infiltrated some of the banks and brokerage firms that handle your money. And American law enforcement is just waking up to this staggering problem. No journalist in the world knows more about the mafiya than Friedman, who has covered the Russian mob for *Details*, *Vanity Fair*, and *New York*. At great peril to himself, Friedman interviewed many of the top mobsters, who were stunningly candid about their activities. In their depravity, ruthlessness, and brutality, Russian gangsters make the traditional Mafia look like choirboys. *Red Mafiya* will appeal to anyone interested in the Mob.

True Stories of Crime and Courage
HarperCollins

In the early hours of an August 2007 morning a gunfight broke out in an Italian restaurant in Duisburg, Germany; in less than five minutes over seventy shots were fired into the bodies of six men. Both the victims and the assassins were members of the 'Ndrangheta crime organization. Calabria's Mafia had brazenly shown its savage influence outside Italy for the first time. In *The Honored Society* award-winning investigative reporter Petra Reski reveals the Mafia menace lurking throughout the world-- from espresso bars in Palermo to European halls of parliament to the corporate headquarters of enormous agricultural firms. In haunting and exquisite prose she explores the Byzantine structure of the 'Ndrangheta, Cosa Nostra and other mafia clans throughout Italy -- the code they live by, the destruction they wreak, how they operate within the country and how they operate internationally. She shows how these syndicates dominate everything from nuclear waste disposal to hotel chains to the marijuana trade in Australia and cocaine trafficked throughout the world. Reski shows how figures such as Silvio Berlusconi were made by the Mafia, and how those who dared to defy its codes were broken. A searing portrait of the criminals who have come to control not only Italy but vast swathes of the globe, *The Honored Society* is a journalistic tour de force.

Blazing Star Hardie Grant

The second book in a much loved Italian travel memoir trilogy which also includes the delightful *When in Rome* and *Girl by Sea*. After three years living and working in Italy, Australian journalist Penelope Green needs a reason to stick around - true love or gainful employment. When a job comes up in Naples - crime capital of Italy, home of pizza and the Camorra, and crouched at the foot of a volcano - Penny launches herself into the unknown. With

her innate curiosity and eye for detail, Penny prises Naples open to show us the real city, in all its splendour... and all its depravity. She uncovers a chaotic metropolis when crime and poverty blur with abundant natural beauty, and where the shadow of Mount Vesuvius is a daily reminder that life must be lived for the moment. And when Penny meets a bass player in a local band, she thinks she might have found that other reason to stick around. 'This is a bewitching, true tale of a tantalising city. Magnifico!' - Marie Claire 'frank, funny and honest' - Notebook 'Her down to earth tone and genuine curiosity make for an interesting and insightful read' - Sun-Herald Author Biography Penelope Green was born in Sydney and worked as a print journalist around Australia for a decade before moving to Rome in 2002. Her first book, *When in Rome*, recounts her early experiences in the Eternal City. In 2005 she moved to Naples to work for ANSAmed, a Mediterranean news service. She found an apartment in the city's colourful Spanish Quarter, worked hard at mastering the Neapolitan dialect, and writing her second travel memoir, *See Naples and Die*. *Girl by Sea* completes Penny's Italian experience as she moves to the idyllic island of Procida, across the bay from Capri, with her Italian partner, Alfonso. The couple have now returned to Australia, where they are making a new life for themselves back in the Southern hemisphere. For more information visit penelopegreen.com.au

Essays Minotaur Books

"Zero zero zero" flour is the finest, whitest available. "Zero zero zero" is also the nickname among narcotraffickers for the purest, highest quality cocaine on the market. And it is the title of Roberto Saviano's unforgettable exploration of how the cocaine trade knits the world into its dark economy and imposes its own vicious rules and moral codes on its armies and, through them, on us all. Saviano's *Gomorra*, his explosive account of the Neapolitan mob, the Camorra, was a worldwide publishing sensation. It struck such a nerve with the Camorra that Saviano has lived with twenty-four hour police protection in the shadow of death threats for more than seven years. During this time he has become intimate with law enforcement agencies around the world. Saviano has broadened his perspective to take in the entire global "corporate" entity that is the drug trade in cooperation with law enforcement officials, who have fed him information and sources and used him to guide their own thinking and tactics. Saviano has used this extraordinary

access to feed his own groundbreaking reportage. The result is a truly amazing and harrowing synthesis of intimate literary narrative and geopolitical analysis of one of the most powerful dark forces in the global economy. In *Zero Zero Zero*, Saviano tracks the shift in the cocaine trade's axis of power, from Colombia to Mexico, and relates how the Latin American cartels and gangs have forged alliances, first with the Italian crime syndicates, then with the Russians, Africans, and others. On the one hand, he charts an astonishing increase in sophistication and diversification as these criminal entities diversify into many other products and markets. On the other, he reveals the threat of violence to protect and extend power and how the nature of the violence has grown steadily more appalling. Saviano is a journalist of rare courage and a thinker of impressive intellectual depth and moral imagination, able to see the connections between far-flung phenomena and bind them into a single epic story. Most drug-war narratives feel safely removed from our own lives; Saviano offers no such comfort. As heart racing as it is heady, *Zero Zero Zero* is a fusion of a variety of disparate genres into a brilliant new form that can only be called Savianoesque.

The Honored Society Pan Macmillan

What can magic tell us about ourselves and our daily lives? If you subtly change the subject during an uncomfortable conversation, did you know you're using attentional 'misdirection', a core technique of magic? And if you've ever bought an expensive item you'd sworn never to buy, you were probably unaware that the salesperson was, like an accomplished magician, a master at creating the 'illusion of choice'. Leading neuroscientists Stephen Macknik and Susana Martinez-Conde meet with magicians from all over the world to explain how the magician's art sheds light on consciousness, memory, attention, and belief. As the founders of the new discipline of NeuroMagic, they combine cutting-edge scientific research with startling insights into the tricks of the magic trade. By understanding how magic manipulates the processes in our brains, we can better understand how we work - in fields from law and education to marketing, health and psychology - for good and for ill.

Zero zero zero Nation Books

In Roberto Saviano's *The Opposite of Death*, a town in southern Italy is haunted by the war in Afghanistan, where one by one its sons are dying. In *Ferengi*, Carlo Lucarelli explores the Italian settlement of Eritrea a century ago, when the actions of

a maid became pivotal to the fate of an exploitative colonial family. Valeria Parrella's *The Prize*, set in the Italian countryside during the Second World War, reminds us that revenge is a dish best

served cold, while Piero Colaprico's *Stairway C* is a breathless Milanese crime novel in miniature. Grassroots writers' collective Wu Ming show how an Italian

cheese-maker can become a hero in *American Parmesan*, and in *Another Kind of Solitude*, Simona Vinci suggests that it is only when we are on the outside, or alone, that we find true freedom.
