RICE URIEL

*Billy Graham and the Race Problem,
1949-1969* Springer

Billy Graham: American Pilgrim offers groundbreaking accounts of Billy Graham's shaping of religion, politics, and culture throughout the second half of the twentieth century. His singular career provides a many-paned window for viewing the history and character of our times.

Why Billy Graham? HarperCollins

In *The Color of Compromise*, Jemar Tisby takes readers back to the roots of sustained racism and injustice in the American church. Filled with powerful stories and examples of American Christianity's racial past, Tisby's historical narrative highlights the obvious ways people of faith have actively worked against racial justice, as well as the complicit silence of racial moderates. Identifying the cultural and institutional tables that must be flipped to bring about progress, Tisby provides an in-depth diagnosis for a racially divided American church and suggests ways to foster a more equitable and inclusive environment among God's people. Book jacket.

Billy Graham Oxford University Press

An updated account of the inspiring and influential life of Dr. Billy Graham. When the hijacked planes slammed into the World Trade Center and the Pentagon on September 11, 2001, President Bush immediately proclaimed a National Day of Prayer and Remembrance. For the interfaith, interdenominational service at the Washington National Cathedral he chose Billy Graham to give the address. At that terrible hour no other clergyman,

whatever his office, could so aptly bring the Word of God to America—and a watching world. At eighty-four, Billy Graham remains one of the most respected people in the world today. He has addressed over eighty-two million people face to face and at least one billion people through television, radio, and satellite. Yet he is far more than an evangelist of integrity and vision; he is a Christian statesman whose profound influence on the growth and depth of Christianity across the world cannot be overestimated. This official biography of Dr. Graham is based on his private files, correspondence, and interviews, as well as the author's widespread research. • Written by John Pollock, Dr. Graham's official biographer • Parts one and two (1918 to 1978), based on Pollock's authorized biographies, have been abridged and contain new material • Part three (1978 to 1983) deals at length with Dr. Graham's controversial visit to Moscow, which can now be seen as a factor in the fall of communism • Part four (1984 to 2003) updates the story to recent events, including the horrors of September 11 and the honorary knighthood Dr. Graham received from the Queen of England in December 2001 • 8-page section of black-and-white photos new to this book

Divided by Faith University of Pennsylvania Press

Here in one volume for the first time are three individual titles - *Angels*, *How to Be Born Again*, and *The Holy Spirit* - from Billy Graham, the foremost evangelist of our time who has reached more people with the Gospel than any other person on earth.

Billy Graham Ideals Publications

While spreading the gospel around the world through his signature crusades, internationally renowned evangelist Billy

Graham maintained a visible and controversial presence in his native South, a region that underwent substantial political and economic change in the latter half of the twentieth century. In this period Graham was alternately a desegregating crusader in Alabama, Sunbelt booster in Atlanta, regional apologist in the national press, and southern strategist in the Nixon administration. *Billy Graham and the Rise of the Republican South* considers the critical but underappreciated role of the noted evangelist in the creation of the modern American South. The region experienced two significant related shifts away from its status as what observers and critics called the "Solid South": the end of legalized Jim Crow and the end of Democratic Party dominance. Author Steven P. Miller treats Graham as a serious actor and a powerful symbol in this transition—an evangelist first and foremost, but also a profoundly political figure. In his roles as the nation's most visible evangelist, adviser to political leaders, and a regional spokesperson, Graham influenced many of the developments that drove celebrants and detractors alike to place the South at the vanguard of political, religious, and cultural trends. He forged a path on which white southern moderates could retreat from Jim Crow, while his evangelical critique of white supremacy portended the emergence of "color blind" rhetoric within mainstream conservatism. Through his involvement in the Eisenhower and Nixon administrations, as well as his deep social ties in the South, the evangelist influenced the decades-long process of political realignment. Graham's public life sheds new light on recent southern history in all of its ambiguities, and his social and political ethics complicate

conventional understandings of evangelical Christianity in postwar America. Miller's book seeks to reintroduce a familiar figure to the narrative of southern history and, in the process, examine the political and social transitions constitutive of the modern South.

Billy Graham Sunstone Press
Gathers 120 meditations from Billy Graham's sermons originally published in "Decision" magazine

After the Wrath of God Oxford University Press, USA

IF THERE WERE SUCH A JOB AS THE NATION'S PASTOR, IT WOULD GO TO BILLY GRAHAM Graham wasn't born with a mandate to become the face of modern evangelism. Growing up, he wasn't much different from other boys in his town. Billy was more interested in going to the movies than the moving of the Holy Spirit, and he spent more time chasing girls than God. But at a revival meeting the day before his sixteenth birthday, Graham committed himself to Christ and never looked back. That day, he started on the path that would make him the most influential Christian leader in American history. In *Billy Graham: His Life and Influence*, acclaimed author David Aikman probes critical episodes of Graham's life that help explain his profound impact, both on the public life of America and other nations and the private lives of their cultural and political leaders. From the racial upheaval of the civil rights movement to the social turmoil of the cold war, Aikman traces Graham's profound influence on a nation as it went through wrenching changes over the span of more than a half century. Through vivid anecdotes and fascinating details, *Billy Graham: His Life and Influence* tells the story of how a country boy from Charlotte with a heart

for God grew up to help shape the world.

Billy Graham and the Black Community

HarperChristian + ORM

Billy Graham has an international career as a motivational talker, delivering speeches and seminars to large audiences around the world. This memoir, as told to Phil Gifford, covers his life story and his beliefs, including how he deals with his dyslexia.

Billy Graham and the Beloved

Community Signet Book

A biography of the world-famous evangelist who has advised presidents and kings.

One Soul at a Time Westminster John Knox Press

Collected here for the first time are three bestselling works by Billy Graham, the foremost evangelist of our time--Peace with God, The Secret of Happiness, and Answers to Life's Problems. With candor and insight, Graham points the way to the source for advice on issues regarding the Bible, spiritual concerns, human relationships, ethical issues, and more.

The Legacy of Billy Graham: Critical Reflections on America's Greatest Evangelist Palgrave Macmillan

Christianity Today 2020 Book Award of Merit in History/Biography For more than five decades Billy Graham (1918-2018) ranked as one of the most influential voices in the Christian world. Nearly 215 million people around the world heard him preach in person or through live electronic media, almost certainly more than any other person. For millions, Graham was less a preacher than a Protestant saint. While remaining orthodox at the core, over time his approach on many issues became more irenic and progressive. And his preaching continued to resonate, propelled by his powerful promise of a second chance. Drawing on decades of

research on Billy Graham and American evangelicalism, Grant Wacker has marshalled personal interviews, archival research, and never-before-published photographs from the Graham family and others to tell the remarkable story of one of the most celebrated Christians in American history. Where Wacker's previous work on Graham, America's Pastor, focused on the preacher's relation to the nation's culture, *One Soul at a Time* offers a sweeping, easy-to-read narrative of the life of the man himself.

Blow, Wind of God! Thomas Nelson

In this autobiography, Billy Graham recounts an incredible lifetime of personal relationships, whirlwind activity, ministry, leadership and influence as well as details of friendships with Presidents and heads of state from many of the countries he has visited. Respected and liked by leaders across all religious divides for his integrity, wisdom and balanced approach, Billy Graham has acted as spiritual advisor to nine US Presidents.

The Faith of Billy Graham Arrowood Press

A look at a magnetic personality--presented in his own words--portrays a successful businessman and fund-raiser, crusader for religion, and spiritual catalyst for world peace and equality.

The Billy Graham Story Macmillan Reference USA

Collects quotations from seven decades of ministry by Billy Graham.

Billy Graham and the Rise of the Republican South Harvard University Press

David Frost first interviewed Billy Graham in 1964, and subsequently many times since. This volume draws on their many recorded conversations to present Graham's personal thoughts on

issues as diverse as faith, marriage, politicians, the Bible, sin, racism, war and heaven.

The Wit and Wisdom of Billy Graham

New York : Pocket Books ; Markham, Ont. : Distributed in Canada by PaperJacks

This study is the first detailed analysis of Billy Graham's social thought during one of the most volatile periods of American history—the Martin Luther King, Jr. years (1955-1968). Using previously unpublished documents, this book argues that although the popular evangelist occasionally supported King's mission to save America, he largely opposed King's vision of 'the beloved community' and his tactics of civil disobedience. The book also offers the controversial claim that because Graham allowed his political allegiances to trump his biblical Christianity, he never dreamed of nor worked for a world marked by lasting racial reconciliation, economic justice, and peace.

Billy Graham and the Rise of the

Republican South Christian Large Print Six of Billy Graham's most loved titles are now available in one package that will surely be a keepsake to add to any reader's collection. You will be reminded of why Billy Graham is beloved not only as an evangelist but also as a writer as these classics expound on topics for the new and veteran believers. This collector's edition includes the following titles: How to be Born Again Peace with God The Secret of Happiness The Holy Spirit Angels Answers to Life's Problems The Collected Works of Billy Graham Lion Books

Features words of inspiration from Billy Graham and personal stories of those who have been moved by his teachings, including a teenager that renounced a life of crime and a man that reached out

to the mother he never knew.

Billy Graham in Conversation Thomas Nelson Inc

A Choice Outstanding Academic Title, 2015 The first comprehensive history of modern American evangelicalism to appear in a generation, American Apocalypse shows how a group of radical Protestants, anticipating the end of the world, paradoxically transformed it. "The history Sutton assembles is rich, and the connections are startling." —New Yorker "American Apocalypse relentlessly and impressively shows how evangelicals have interpreted almost every domestic or international crisis in relation to Christ's return and his judgment upon the wicked...Sutton sees one of the most troubling aspects of evangelical influence in the spread of the apocalyptic outlook among Republican politicians with the rise of the Religious Right...American Apocalypse clearly shows just how popular evangelical apocalypticism has been and, during the Cold War, how the combination of odd belief and political power could produce a sleepless night or two." —D. G. Hart, Wall Street Journal "American Apocalypse is the best history of American evangelicalism I've read in some time...If you want to understand why compromise has become a dirty word in the GOP today and how cultural politics is splitting the nation apart, American Apocalypse is an excellent place to start." —Stephen Prothero, Bookforum

White Evangelical Racism

HarperChristian + ORM

Through a nationwide survey, the authors of this study conclude that US Evangelicals may actually be preserving the racial chasm, not through active racism, but because their theology hinders their ability to recognise

systematic injustice.
