**Microorganisms 2005** Harcourt Brace College Publishers  
 Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide

examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Introduction/Vertebrates Biology Chronicle  
 Books

Timothy is on probation. It's a strange  
 word—something that happens to other  
 kids, to delinquents, not to kids like him.  
 And yet, he is under house arrest for the  
 next year. He must check in weekly with a  
 probation officer and a therapist, and keep  
 a journal for an entire year. And mostly, he  
 has to stay out of trouble. But when he  
 must take drastic measures to help his  
 struggling family, staying out of trouble

proves more difficult than Timothy ever  
 thought it would be. By turns touching and  
 funny, and always original, *House Arrest* is  
 a middle-grade novel in verse about one  
 boy's path to redemption as he navigates  
 life with a sick brother, a grieving mother,  
 and one tough probation officer.
