## **PIPER CLINTON**

---

Athene Palace Lisbon  
From one of China's  
most acclaimed  
writers: a unique,  
intimate look at the  
Chinese experience  
over the last several  
decades. Framed by

ten phrases common in  
the Chinese  
vernacular, China in  
Ten Words uses  
personal stories and  
astute analysis to  
reveal as never before  
the world's most  
populous yet oft-  
misunderstood nation.  
In "Disparity," for  
example, Yu Hua  
illustrates the  
expanding gaps that

separate citizens of the country. In "Copycat," he depicts the escalating trend of piracy and imitation as a creative new form of revolutionary action. And in "Bamboozle," he describes the increasingly brazen practices of trickery, fraud, and chicanery that are, he suggests, becoming a way of life at every level of society. Witty, insightful, and courageous, this is a refreshingly candid vision of the "Chinese miracle" and all of its consequences.

Night Train to Lisbon

Yale University Press  
A hypnotic novel intertwining the author's past with James Earl Ray's attempt to escape after shooting Martin Luther King Jr. The year is 1968 and James Earl

Ray has just shot Martin Luther King Jr. For two months he evades authorities, driving to Canada, securing a fake passport, and flying to London, all while relishing the media's confusion about his location and his image on the FBI's Most Wanted list. Eventually he lands at the Hotel Portugal in Lisbon, where he anxiously awaits a visa to Angola. But the visa never comes, and for his last ten days of freedom, Ray walks around Lisbon, paying for his pleasures and rehearsing his fake identities. Using recently declassified FBI files, Antonio Muñoz Molina reconstructs Ray's final steps through the Portuguese capital, taking us inside his

feverish mind, troubled past, and infamous crime. But Lisbon is also the city that inspired Muñoz Molina's first novel, *A Winter in Lisbon*, and as he returns now, thirty years later, it becomes the stage for and witness to three alternating stories: Ray in 1968 at the center of an international manhunt; a thirty-year-old Muñoz Molina in 1987 struggling to find his literary voice; and the author in the present, reflecting on his life and the form of the novel as an instrument for imagining the world through another person's eyes. Part historical fiction, part fictional memoir, *Like a Fading Shadow* masterfully explores the borders between the imagined, the

reported, and the experienced past in the construction of identity.

Anchor

Portugal is an established member of the European Union, one of the founders of the euro currency and a founder member of NATO. Yet it is an inconspicuous and largely overlooked country on the continent's south-west rim. In the fifteenth- and sixteenth-century Age of Discovery the Portuguese led Europe out of the Mediterranean into the Atlantic and they brought Asia and Europe together. Evidence of their one-time four-continent empire can still be felt, not least in the Portuguese language

which is spoken by more than 220 million people from Brazil, across parts of Africa to Asia. Analyzing present-day society and culture, The Portuguese also considers the nation's often tumultuous past. The 1755 Lisbon earthquake was one of Europe's greatest natural disasters, strongly influencing continental thought and heralding Portugal's extended decline. The Portuguese also weathered Europe's longest dictatorship under twentieth-century ruler Ant3nio Salazar. A 1974 military coup, called the Carnation Revolution, placed the Portuguese at the centre of Cold War attentions. Portugal's quirky relationship with

Spain, and with its oldest ally England, is also scrutinized. Portugal, which claims Europe's oldest fixed borders, measures just 561 by 218 kilometres . Within that space, however, it offers a patchwork of widely differing and beautiful landscapes. With an easygoing and seductive lifestyle expressed most fully in their love of food, the Portuguese also have an anarchical streak evident in many facets of contemporary life. A veteran journalist and commentator on Portugal, the author paints an intimate portrait of a fascinating and at times contradictory country and its people. *Out of the Shadows* W. W. Norton & Company Looks at Lisbon, Portugal's role during

World War II as the only European city in which both the Axis and Allies operated openly, and shows how the nation became an exciting weigh station for exiled royalty, refugees, spies, secret police, bankers, prominent Jews, writers and artists, escaped POWs, black marketeers and more. The Lady of Shadows PublicAffairs

The Lisbon Route tells of the extraordinary World War II transformation of Portugal's tranquil port city into the great escape hatch of Nazi Europe. Royalty, celebrities, diplomats, fleeing troops, and ordinary citizens desperately slogged their way across France and Spain to reach the neutral nation. As well as

offering freedom from war, Lisbon provided spies, smugglers, relief workers, military figures, and adventurers with an avenue into the conflict and its opportunities. Yet an ever-present shadow behind the gaiety was the fragile nature of Portuguese neutrality.

*The City of Shadows*  
Hurst & Company

Enter once more the world of Roland Deschain—and the world of the Dark Tower...presented in this stunning third graphic novel of The Drawing of the Three series that will unlock the doorways to terrifying secrets and bold storytelling as part of the dark fantasy masterwork and magnum opus from #1 New York Times bestselling author

Stephen King. “The man in black fled across the desert, and the gunslinger followed.” With these unforgettable words, millions of readers were introduced to Stephen King’s iconic character Roland Deschain of Gilead. Roland is the last of his kind, a “gunslinger” charged with protecting whatever goodness and light remains in his world—a world that “moved on,” as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all

universes: the Dark Tower. Now, in the graphic novel series adaptation Stephen King’s *The Dark Tower: The Drawing of the Three*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland’s saga continues.

Sumptuously drawn by Piotr Kowalski, Jonathan Marks, Juanan Ramirez, and Cory Hamscher, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *The Lady of Shadows* is an extraordinary and terrifying journey—ultimately introducing a generation of new readers to Stephen King’s modern literary

classic *The Dark Tower*, while giving longtime fans thrilling adventures transformed from his blockbuster novels.

### **Shadows in Paradise**

The Friendly Air  
Publishing

In 1939, Brazil seemed a world away from the chaos overtaking Europe. Yet despite its bucolic reputation as a distant land of palm trees and pristine beaches, Brazil's natural resources and proximity to the United States made it strategically invaluable to both the Allies and the Axis alike. As acclaimed historian Neill Lochery reveals in *The Fortunes of War*, Brazil's wily dictator Getúlio Dornelles Vargas keenly understood his country's importance, and played both sides

of the escalating global conflict off against each other, gaining trade concessions, weapons shipments, and immense political power in the process. Vargas ultimately sided with the Allies and sent troops to the European theater, but not before his dexterous geopolitical machinations had transformed Rio de Janeiro into one of South America's most powerful cities and solidified Brazil's place as a major regional superpower. A fast-paced tale of diplomatic intrigue, *The Fortunes of War* reveals how World War II transformed Brazil from a tropical backwater into a modern, global power. *A Small Death In Lisbon* Harper Collins  
A haunting classic from

the author of *All Quiet on the Western Front*, *Shadows in Paradise* reveals the deepest scars of the men and women who experienced the Holocaust. After years of hiding and surviving near death in a concentration camp, Ross is finally safe. Now living in New York City among old friends, far from Europe's chilling atrocities, Ross soon meets Natasha, a beautiful model and fellow émigré, a warm heart to help him forget his cold memories. Yet even as the war draws to its violent close, Ross cannot find peace. Demons still pursue him. Whether they are ghosts from the past or the guilt of surviving, he does not know. For he is only beginning to understand that

freedom is far from easy—and that paradise, however perfect, has a price. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review  
[This Gulf of Fire](#)  
Abrams  
This newly revised edition of this classic work, a penetrating insight into the Nazi administration of Europe, originally published during the Second World War, is enhanced by a thorough introductory study on the author's life and work written by the leading authority

on Waldeck, Dr. Ernest  
H. Latham, Jr.

The Lisbon Crossing

Open Road +  
Grove/Atlantic  
Summer 1940. With  
Europe in the iron grip  
of Hitler's war  
machine, stuntman  
Jack Teller arrives in  
neutral Lisbon on the  
arm of international  
screen legend Lili  
Sterne. The German-  
born actress has given  
Jack the job of finding  
her childhood friend,  
Eva Lange, who  
escaped Berlin one  
step ahead of the Nazi  
terror. But he's not the  
first to come looking  
for Eva. The man who  
preceded him—top  
Hollywood detective  
Eddie Grimes—ended  
up dead . . . on the  
night he found Eva.  
Following leads that  
take him from the  
glittering nightclubs of  
the Estoril

coast—where he rubs  
elbows with the likes of  
Edward, Duke of  
Windsor, and his  
scheming wife, Wallis  
Simpson—into Lisbon's  
dank and seedy  
backstreets, Jack  
searches for answers  
among the deceptions  
and lies of the  
dangerous city. A  
shattering discovery  
along the way takes  
him to the perilous  
boulevards of occupied  
Paris and propels him  
into the heart of a  
nightmare, where his  
actions could change  
the course of the war.

**Lisbon** Farrar, Straus  
& Giroux

Bugs are for the birds!  
Lisbon is hungry and  
it's hard to wait for  
dinner. When her  
animal friends try to  
help her find  
something tasty to eat,  
the real the problems  
begin! Join Lisbon on

her funny misadventures. Each beautiful illustration is designed to inspire the imaginations of children. An activity page at the end of the book allows for more fun as they search for special items in the illustrations. This version of *I Don't Want to Eat Bugs* has been designed specifically for ebook with a fixed layout and larger text for easy reading. While this is a great read-aloud book for parents, teachers, and other adults to share with children, we have chosen fonts that are similar to the way children form letters for easy recognition as they begin to read on their own. The print book is also available in 8.5" x 11" format. Author's Note: *I Don't Want to Eat Bugs* was

written for my daughter, who was two when I wrote this story and didn't like salad, but now she's four and a half and loves it—if I give her plenty of salad dressing! (But don't worry—this isn't a book about eating salad.) Of course birds, cats, and dogs have a very different idea of what's good to eat, but through this fun adventure, Lisbon learns there is also food meant just for her—and it's good, especially compared with all the offerings from her animal friends. My daughter and I privately call this book the "Ice Cream Story" (she LOVES ice cream so there had to be ice cream involved), and now whenever something funny happens, she says, "We should write a new

ice cream story about that." And we have! I Don't Want to Eat Bugs is the first book in a planned series called Lisbon's Misadventures. I've written the next three books in the series, and Tim Petersen is hard at work creating the illustrations. Tim is obviously a fabulous artist, and I'm excited to be working with him. You can sign up on my website to learn when the next book comes out (<http://teylarachelbranton.com/>). Thank you and enjoy!

**I Don't Want to Eat Bugs** Andrews UK Limited

A guide to the history and culture of Lisbon.

Defending the Rock

Penguin

Lisbon had a pivotal role in the history of World War II, though

not a gun was fired there. The only European city in which both the Allies and the Axis power operated openly, it was temporary home to much of Europe's exiled royalty, over one million refugees seeking passage to the U.S., and a host of spies, secret police, captains of industry, bankers, prominent Jews, writers and artists, escaped POWs, and black marketeers. An operations officer writing in 1944 described the daily scene at Lisbon's airport as being like the movie "Casablanca," times twenty. In this riveting narrative, renowned historian Neill Lochery draws on his relationships with high-level Portuguese contacts, access to

records recently uncovered from Portuguese secret police and banking archives, and other unpublished documents to offer a revelatory portrait of the War's back stage. And he tells the story of how Portugal, a relatively poor European country trying frantically to remain neutral amidst extraordinary pressures, survived the war not only physically intact but significantly wealthier. The country's emergence as a prosperous European Union nation would be financed in part, it turns out, by a cache of Nazi gold. [A Concise History of Portugal](#) Farrar, Straus and Giroux  
This concise, illustrated history of Portugal offers an introduction

to the people and culture of the country, its empire, and to its search for economic modernisation, political stability and international partnership. The book studies the effects of the vast wealth mined from Portuguese Brazil, the growth of the wine trade, and the evolution of international ties. The Portuguese Revolution of 1820 to 1851 created a liberal monarchy, but in 1910 the king was overthrown and, by 1926, had been replaced by a dictatorship. In 1975 Portugal withdrew from its African colonies and turned north to become a democratic member of the European Community in 1986. Researched during the years which

followed the fall of Portugal's dictators in 1974, this book has become the standard single-volume work. The second edition brings the story up to date and discusses the state of historical writing on Portugal at the turn of the millennium.

York, 1939: A city of hope. A city of

opportunity. A city

hiding dark secrets ...

*The Battle for Spain*

Simon and Schuster

"They are a mythical

people, almost an

imagined people,"

writes Mark Kurlansky.

Settled in a corner of

France and Spain in a

land marked on no

maps except their own, the Basques are a nation without a country, whose ancient and dramatic story illuminates Europe's own saga. Where did they come from? Signs of their civilization exist well before the arrival of the Romans in 218 B.C., and their culture appears to predate all others in Europe. Their mysterious and forbidden tongue, Euskera, is related to no other language on Earth. The Basques have stubbornly defended their unique culture against the Celts, the Romans, the Visigoths and Moors, the kings of Spain and France, Napoleon, Franco, the modern Spanish state, and the European Union. Yet as much as their origins are obscure, the

Basques' contributions to world history have been clear and remarkable. Early explorers, they made fortunes whaling before the year 1000 and became the premier cod fishermen in Europe after discovering Canada's Grand Banks. Juan Sebastian de Elcano, a Basque, was the first man to circumnavigate the globe in 1522. Their influence has also been felt in religion as founders of the Jesuits in 1534, and in business, as leaders of the Industrial Revolution in southern Europe. Mark Kurlanky's passion for the Basque people, and his exuberant eye for detail, shine throughout this fascinating history. Like his acclaimed Cod, it blends human,

economic, political, literary and culinary history into a rich and heroic tale. HarperCollins UK 1941. Klaus Felsen, forced out of his Berlin factory into the SS, arrives in a luminous Lisbon, where Nazis and Allies, refugees and entrepreneurs, dance to the strains of opportunism and despair. Felsen's assignment takes him to the bleak mountains of the north where a devious and brutal battle is being fought for an element vital to Hitler's blitzkrieg. There he meets the man who plants the first seed of greed and revenge that will grow into a thick vine in the landscape of post-war Portugal. Late 1990s. Investigating the murder of a young girl with a disturbing

sexual past, Inspector Ze Coelho overturns the dark soil of history and unearths old bones from Portugal's fascist past. This small death in Lisbon is horrific compensation for an even older crime, and Coelho's stubborn pursuit of its truth reveals a tragedy that unites past and present. Robert Wilson's combination of intelligence, suspense, vivid characters, and mesmerizing storytelling richly deserves the international acclaim his novel has received. **Lisbon** Knopf Canada

Just after half past nine on the morning of Sunday 1 November 1755, the end of the world came to the city of Lisbon. On a day that had begun with blue skies and gentle

warmth, Portugal's proud capital was struck by a massive earthquake. After a brief, two-minute tremor came six minutes of horror as Lisbon swayed 'like corn in the wind before the avalanches of descending masonry hid the ruins under a cloud of dust'. A third tremor shook most of the buildings still standing to the ground, causing catastrophic loss of life. Lisbon had been struck by a seismic disturbance estimated at 8.7 on the Richter scale - more powerful than the 1906 San Francisco earthquake. An hour later, riverine Lisbon and the Algarve coast were engulfed by a series of tsunamis. In areas of the city unaffected by the waves, fires raged for

six days, completing the destruction of Europe's fourth-largest city. By the time it was all over, 60,000 souls had perished and 85% of Lisbon's buildings, plus an unimaginable wealth of cultural treasures, had been destroyed by quake, fire or water. The earthquake had a searing impact on the European psyche. Theologians and philosophers were baffled by this awesome manifestation of the anger of God. How could the presence of such suffering in the world be reconciled with the existence of a beneficent deity? For Portugal itself, despite an ambitious programme of reconstruction (which gave birth to the modern science of

seismology), the quake ushered in a period of decline, in which her seaborne supremacy was eclipsed by the inexorable rise of the British empire. Drawing on primary sources, Edward Paice paints a vivid picture of a city and society changed for ever by a day of terror. He describes in thrilling detail the quake itself and its immediate aftermath, but he is interested just as much in its political, economic and cultural consequences. Wrath of God is a gripping account from a master writer of a natural disaster that had a transformative impact on European society.

Yale University Press

Benjamin Netanyahu is one of the longest serving Prime Ministers of Israel. For much of the world, Netanyahu is a right-wing nationalist zealot; for many Israelis he is a centrist who is too soft on Arabs and backs down too easily in a fight. Love him or loathe him, Netanyahu has been at the very centre of Arab-Israeli politics since 1990, when he became the telegenic Israeli spokesman for CNN's coverage of the Persian Gulf War, arguably ushering in the Americanization of the Israeli media. Netanyahu is famous for his TV skills, but there is so much more to reveal - good and bad - about the man and his place in Israeli, Middle Eastern and

world political history. At present there is no major profile of Netanyahu in the English language, so the publication of this book is a landmark of considerable importance, especially as in March 2015 he was re-elected for a further term in office. Using the juncture of the Oslo Accords to take the reader back to Netanyahu's formative years, Neill Lochery, a renowned scholar of Middle Eastern politics and history, chronicles not only the Prime Minister's life but also the issues his career has encompassed, from the rise of militant Islam to the politics of oil; from the transformation of Israeli politics by the 24/7 cable news cycle to the US's changing role in the Middle East.
