A groundbreaking new biography of one of the twentieth century's most important poets On the fiftieth anniversary of the death of T. S. Eliot, the award-winning biographer Robert Crawford presents us with the first volume of a comprehensive account of this poetic genius. Young Eliot traces the life of the twentieth century's most important poet from his childhood in St. Louis to the publication of his revolutionary poem *The Waste Land*. Crawford provides readers with a new understanding of the foundations of some of the most widely read poems in the English

language through his depiction of Eliot's childhood—laced with tragedy and shaped by an idealistic, bookish family in which knowledge of saints and martyrs was taken for granted—as well as through his exploration of Eliot's marriage to Vivien Haigh-Wood, a woman who believed she loved Eliot "in a way that destroys us both." Quoting extensively from Eliot's poetry and prose as well as drawing on new interviews, archives, and previously undisclosed memoirs, Crawford shows how the poet's background in Missouri, Massachusetts, and Paris made him a lightning rod for modernity. Most impressively, Young Eliot reveals the way he accessed his inner life—his anguishes and his fears—and blended them with his omnivorous reading to create his masterpieces "The Love Song of J. Alfred Prufrock" and *The Waste Land*. At last, we experience T. S. Eliot in all his tender complexity as student and lover, penitent and provocateur,

banker and philosopher—but most of all, Young Eliot shows us as an epoch-shaping poet struggling to make art among personal disasters.

Drawing on the phrasing of T.S. Eliot's amazing early 20th century poem *The Love Song of J. Alfred Prufrock* (above) Frank Prem has produced a collection of companionable and introspective love poetry written, as always, in the unique style that allows every reader to relate. Prem's interpretations breathe new life into contemporary exploration of themes of love in poetry, and utilise Eliot's original phrases to inspire a contemplation of the self in the context of landscape and the wider world: rescue and redemption is the third of three collections that comprise *A Love Poetry Trilogy*, with each revisiting outstanding work by stellar poets of the past to produce vibrant new collections. The first collection, *walk away silver heart*, draws on Amy Lowell's deeply personal *Madonna of the Evening Flowers*, while the second, *a kiss for the worthy*, derives from Walt Whitman's *Leaves of Grass*. This is a new kind of poetry that tells stories, draws pictures and elicits emotional responses from readers. Just as the best poetry should.

An experimental novella reimagining the main figure of TS Eliot's classic poem of memory, hopelessness, and loss in a contemporary setting. Approximately 20k words. “No one wants to hear a lonely middle aged man talk about cities or memory. No one wants to know that the world exists in a kaleidoscope of colors. For one man, indigo is life, and he does not have time for the man for whom yellow is.”

*Prufrock and Other Observations (1917)* is a collection of poems by T.S. Eliot. Published following the successful appearance of “*The Love Song of J. Alfred Prufrock*” in the June 1915 issue of *Poetry: A Magazine of Verse*, *Prufrock and Other Observations* established Eliot's reputation as a leading English poet and pioneering literary Modernist. Opening with “*The Love Song of J. Alfred Prufrock*,” the collection begins with an invocation of

Dante, whom Eliot saw as an important innovator of a polyphonic, referential poetry capable of interrogating and dramatizing the construction and representation of the self. The poem is written from the perspective of a repressed, despairing middle-aged man who meditates on his relationships with women and the regrets he has accumulated with age. In "Preludes," a poem of urban malaise, Eliot "thinks of all the hands / That are raising dingy shades / In a thousand furnished rooms," and reaches for an understanding of the world as "some infinitely gentle / Infinitely suffering thing." Other poems include "Morning at the Window," another brief vision of city life, "The Boston Evening Transcript," a satirical reverie on time and community, and "Cousin Nancy," a humorous lyric celebrating Miss Nancy Ellicott, who unabashedly "smoked, / And danced all the modern dances. Both personal and universal, global in scope and intensely insular, Eliot's poetry changed the course of literary history, inspiring countless poets and establishing his reputation as one of the foremost artists of his generation. With a beautifully designed cover and professionally typeset manuscript, this edition of T.S. Eliot's *Prufrock and Other Observations* is a classic of English literature reimagined for modern readers.

When Denis Donoghue left Warrenpoint and went to Dublin in September 1946, he entered University College as a student of Latin and English. A few months later he also started as a student of lieder at the Royal Irish Academy of Music. These studies have informed his reading of English, Irish, and American literature. Now in this volume, one of our most distinguished readers of modern literature offers his most personal book of literary

criticism. Donoghue's *Words Alone* is an intellectual memoir, a lucid and illuminating account of his engagement with the works of T. S. Eliot--from initial undergraduate encounters with "The Love Song of J. Alfred Prufrock" to later submission to Eliot's entire writings. "The pleasure of Eliot's words persists," Donoghue says, "only because in good faith it can't be denied." Submission to Eliot, in Donoghue's case, involves the ear as much as it does the mind. He is a reader who listens attentively and a writer whose own music in these pages commands attention. Whether he is writing about Eliot's poetry or confronting the (often contentious) prose, Donoghue eloquently demonstrates what it means to read and to hear a master of language.

Do I dare disturb the universe? This is a question recognized by people around the world. If typed into the internet, hundreds of examples appear. Many know that it comes from one of the best-known poems of the previous century, T. S. Eliot's *The Love Song of J. Alfred Prufrock*. What many do not know is that Eliot dramatically shifted his views at the height of his fame for writing such dark poetry as this and *The Waste Land*, becoming a sincere, devoted Christian. While his poetry is famous because it expresses the loss of a spiritual center in European civilization, a careful reading of it reveals that he was struggling with his Christianity from the beginning, not rejecting it, but trying to make it fit into the contemporary world. If the reader works

through Eliot's love song for all of the esoteric meanings, as he demands, it quickly becomes evident that he intended it as a struggle between agape, amour and eros. Beginning it with a quote from Dante forces that into place. Though the protestant forms of Christianity have changed their views on these, the Roman Catholic holds fast. Eliot references Michelangelo in the poem, bringing in the great painter of the ceiling of the Sistine Chapel. Most immediately recognize his name and work, but do not realize how he expressed a similar personal struggle between the desires of the flesh and the spirit. Both of them admired Dante's Divine Comedy, and its inclusion of amour as a means to salvation. Dante's work is generally seen as the greatest literature ever to come out of Italy. This book is an expanded revision of *Seeking God in the Works of T. S. Eliot and Michelangelo*. It explores how T.S Eliot struggled with the highest meanings of existence in his poetry and his own life, and perhaps managed to express what has become known as a modernist (and post-modernist) view of what Rudolph Otto designated the *mysterium tremendum*, the experience of a mystical awe, the experience of God.

The last major verse written by Nobel laureate T. S. Eliot,

considered by Eliot himself to be his finest work Four Quartets is a rich composition that expands the spiritual vision introduced in "The Waste Land." Here, in four linked poems ("Burnt Norton," "East Coker," "The Dry Salvages," and "Little Gidding"), spiritual, philosophical, and personal themes emerge through symbolic

allusions and literary and religious references from both Eastern and Western thought. It is the culminating achievement by a man considered the greatest poet of the twentieth century and one of the seminal figures in the evolution of modernism.
