Written by leading
gender communication
scholar Julia T. Wood,
GENDERED LIVES, 10th
Edition introduces
students to theories,
research, and
pragmatic information,
demonstrating the
multiple and often
interactive ways that
our views of
masculinity and
femininity are shaped
within contemporary
culture. With the most
up-to-date research,
balanced perspectives
of masculinity and
femininity, a personal
introduction to the
field, and a
conversational first-
person writing style,
this engaging text
encourages students to
think critically about

gender and our
society. Important

Rowman Altamira
Since its first
publication in 1998,
Mary Talbot's
Language and Gender
has been a leading
textbook, popular with
students for its
accessibility and with
teachers for the range
and depth it achieves
in a single volume. This
anticipated third

edition has been thoroughly revised and updated for the era of #MeToo, genderqueer, Trump, and cyberhate. The book is organized into three parts. An introductory section provides grounding in early 'classic' studies in the field. In the second section, Talbot examines language used by women and men in a variety of speech situations and genres. The last section considers the construction and performance of gender in discourse, reflecting the interest in mass media and popular culture found in recent research, as well as the preoccupation with social change that is central to Critical Discourse Analysis. Maintaining an emphasis on recent research, Talbot covers

a range of approaches at an introductory level, lucidly presenting sometimes difficult and complex issues. Each chapter concludes with a list of recommended readings, enabling students to further their interests in various topics.

Language and Gender will continue to be an essential textbook for undergraduates and postgraduates in linguistics, sociolinguistics, cultural and media studies, gender studies and communication studies.

Winsome Conviction
Wadsworth Publishing Company

While women in the United States account for nearly half the workforce, they continue to encounter unique personal, social,

and structural dynamics as leaders. Authors Lisa DeFrank Cole and Sherylle J. Tan explore these dynamics and more in *Women and Leadership: Journey Towards Equity*. Grounded in leadership theory and research, this text delves into the barriers and challenges women face on their leadership journeys, including stereotypes, bias, inequality, discrimination, and domestic responsibilities. The text includes several chapters devoted to strategies and tools for overcoming obstacles, creating structural change, and moving towards greater equity.

Are Prisons Obsolete?
IAP
Allens proven ability and flare for presenting complex and

oftentimes sensitive topics in nonthreatening ways carry over in the latest edition of *Difference Matters*. Her down-to-earth analysis of six social identity categories reveals how communication establishes and enacts identity and power dynamics. She provides historical overviews to show how perceptions of gender, race, social class, sexuality, ability, and age have varied throughout time and place. Allen clearly explains pertinent theoretical perspectives and illustrates those and other discussions with real-life experiences (many of which are her own). She also offers practical guidance for how to communicate difference more

humanely. While many examples are from organizational contexts, readers from a wide range of backgrounds can relate to them and appreciate their relevance. This eye-opening, vibrant text, suitable for use in a variety of disciplines, motivates readers to think about valuing difference as a positive, enriching feature of society. Interactive elements such as Spotlights on Media, I.D. Checks, Tool Kits, and Reflection Matters questions awaken interest, awareness, and creative insights for change. *Gendered Lives* Oxford University Press, USA

Publisher Description
Readings in Gender Communication
Cram101
Well-written and well-researched by leading gender communication scholars Julia T. Wood and Natalie Fixmer-Oraiz, GENDERED LIVES: COMMUNICATION, GENDER, & CULTURE, 13th Edition, provides the latest theories, research and pragmatic information

to help readers think critically about gender and society. The book demonstrates the multiple and often interactive ways a person's views of masculinity and femininity are shaped within contemporary culture. It offers balanced coverage of different sexes, genders and sexual orientations. Reflecting emerging trends and issues, the new edition includes expansive coverage of men's issues, an integrated emphasis on social media and a stronger focus on gender in the public sphere.

Outlines and Highlights

for Global Sociology

SAGE Publications

For many years the dominant focus in gender relations has been the differences between men and women. Authors such as Deborah Tannen (*You Just Don't Understand*) and John Gray (*Men are from Mars, Women are from Venus*) have argued that there are deep-seated and enduring differences between male and female personalities, styles, even languages. Elizabeth Aries sees the issue as more complex and dependent on several variables, among them the person's status, role, goals, conversational partners, and the characteristics of the situational context. Aries discusses why we

emphasize the differences between the sexes, the ways in which these are exaggerated, and how we may be perpetuating the very stereotypes we wish to abandon. For psychologists and researchers of gender and communication, this book will illuminate recent studies in gender relations. For general readers it will offer a stimulating counterpoint to prevailing views. *Whipping Girl* Oxford University Press

Gendered Lives
Cram101

The authors explore the many ways that gender and communication intersect and affect each other. Every chapter encourages a consideration of how gender attitudes and practices, past and current, influence personal notions of what it means not only to be female and male, but feminine and masculine. The second edition of this student friendly and accessible text is filled with contemporary examples, activities, and exercises to help students put

theoretical concepts into practice.

Persuasion Gendered Lives

READINGS IN GENDER COMMUNICATION is a compilation of studies, stories, analyses, and personal testimonies contributed by communication, gender, psychology, and sociology scholars and students. The reader is designed as a supplemental text for a gender communication course with primary emphasis given to demonstrating how gender theory is applicable to students' lives.

Gendered Lives

Cengage Learning

This is an up-to-date textbook in the area of language and gender. Mary Talbot examines the language used by women and men in a variety of speech

situations and genres.

Language and Gender Waveland Press

First reference work to explore the research on gender in archaeology.

Gendered Lives

Columbia University Press

Written by the leading gender communication scholar, this text introduces students to theories, research, and pragmatic information that demonstrates the multiple, often interactive, ways in which our views of masculinity and femininity are shaped within contemporary culture.

Postfeminist News

SAGE Publications

This reader is designed for use as a primary or supplementary text for courses on women's role in the economy. Both interdisciplinary and heterodox in its approach, it showcases feminist economic analyses that utilize insights from institutionalism as well as neoclassical economics. Including both classic and newer selections from a broad range of areas, each section includes an introduction with background material, as well as discussion questions, exercises, and lists of key terms and further readings.
