Criminal Investigation, Third Edition, takes an integrated approach to the investigation process. This introductory text explores how contributors to criminal investigation—and its resulting prosecution—are more effective when they understand and appreciate their role on the team, what role other team members play, and how it all comes together. Readers will learn

how investigations are connected to a team that is much larger than those charged with the investigations of a crime. The end result is a solid foundation in criminal investigation.

This guide was developed by a PADI Open Water Scuba Instructor and Master Diver Trainer for use in training police divers for the Washington State Department of Emergency Services. This course and the Guide was designed to be used by qualified instructors in conjunction with the training textbook "Emergency Service Diver - A Training Manual for Police & Rescue Divers", published by the California Investigative Academy. The Instructor's Guide book provides detailed information on course standards, requirements & prerequisites, equipment requirements, certification requirements, course schedule, academic modules, open water training modules, outlines, written test for students, and detailed appendix. Instructions and assistance are available separately for PADI Instructors wishing to obtain a Distinctive Specialty Instructor's rating in underwater crime scene investigation. With this rating, a qualified PADI instructor can certify students in this specialty.
