A Comparative Analysis
of Policing Consumer
Contracts in China and
the EU Springer

This book is a second
edition of
Interpretation of
Contracts (2007). The
original work examined
various issues
surrounding the
question of how

contracts should be
interpreted by courts,
in particular focusing
on the law of contract
interpretation following
Lord Hoffmann's
exposition of the
principles of contextual
interpretation in
Investors
Compensation Scheme
Ltd v West Bromwich
Building Society [1998]
1 WLR 896. As with the
original, this new
edition provides an
overview of the

subject, concentrating on elements of controversy and disagreement, rather than a detailed analysis of all the contract law rules and doctrines that might be regarded as interpretative in one sense or another. The book will be concerned with interpretation of contracts generally (following the rule that there are not different rules of interpretation for different kinds of contracts), but with reference to commercial contracts in particular, since this is the area in which the contextual interpretative approach was developed, and where it has most relevance. The overall aim of the second edition remains the same as the first – to produce an

accessible and readable guide to contract interpretation for law students, scholars and practitioners. *A Handbook on Commercial Court Practice* Oxford University Press
The first textbook to address land law as it relates to the Commonwealth Caribbean, it encompasses all areas covered in an undergraduate course on the law of real property in the Caribbean. Primary and secondary source material on the law of property in the whole of the Commonwealth Caribbean is made easily and readily accessible to law students and legal practitioners. Statutory provisions from all States are discussed in

relation to each topic and the similarities and differences are highlighted. Extensive discussion and analysis of the decisions of the courts in the region are also included alongside an in-depth analysis and critical discussion of English case law that is relevant to the Caribbean. The examination of whether or not English case law should be followed in the region is relevant and interesting to anyone studying or practising law in other Commonwealth jurisdictions. Essential reading for undergraduate law students in the Caribbean, this text will also prove useful to those studying for the certificate of proficiency in the practice of law in the

Commonwealth Caribbean, while the footnote references to statutory provisions are an invaluable aid to any researcher of Caribbean land law. Permanent Sovereignty over Natural Resources Red Globe Press
This book examines attitudes and practices concerning the relevance of negotiation documents in various countries and regions. It discusses the factors which determine the effectiveness of a particular pre-contractual document and helps attorneys representing national and international companies develop sound contracts. Oxford University Press, USA
 Jill Poole's bestselling Casebook on Contract Law provides students with a comprehensive selection of case law, addressing all aspects of the subject encountered on undergraduate courses. Extracts have been carefully chosen from a wide range of historical and contemporary cases to illustrate the reasoning processes of the courts, and to show how legal principles develop. Cases can either be analysed and discussed in isolation or, taken as a whole, the selection of cases

form chapters providing a structured overview of the modern law of contract. Online Resource Centre The casebook is fully supported by an Online Resource Centre, which provides: - Self-test questions and answers - Guidance on answering questions in contract law - Exercises and guidance on reading cases - An opportunity for students to ask the author any questions
Law Revision and Study Guide Martinus Nijhoff Publishers
 This edition provides an authoritative and detailed account of contract law. It is essential reading for any student of contract law, and a valuable source of reference for practitioners and academics.

In recent years there has been a revival of interest in the

philosophical study of contract law. In 1981

Charles Fried claimed that contract law is

based on the philosophy of promise

and this has generated what is today known as

'the contract and promise debate'.

Cutting to the heart of contemporary discussions, this

volume brings together leading philosophers, legal theorists, and contract lawyers to debate the philosophical foundations of this area of law. Divided into two parts, the first explores general themes in the contract theory literature, including the philosophy of promising, the nature of contractual obligation, economic accounts of contract law, and the relationship between contract law and moral values such as personal autonomy and distributive justice. The second part uses these philosophical ideas to make progress in doctrinal debates, relating for example to contract interpretation, unfair terms, good faith, vitiating factors,

and remedies. Together, the essays provide a picture of the current state of research in this revitalized area of law, and pave the way for future study and debate.

Transatlantic Perspectives Oxford University Press
The Concentrate Q&As are a result of a collaboration involving hundreds of law students and lecturers from universities across the UK. The series offers you better support and a greater chance to succeed on your law course than any of the competitors. 'A sure-fire way to get a 1st class result' (Naomi M, Coventry University) 'My grades have dramatically improved since I started using the OUP Q&A guides' (Glen

Sylvester, Bournemouth University) 'These first class answers will transform you into a first class student' (Ali Mohamed, University of Hertfordshire) 'I can't think of better revision support for my study' (Quynh Anh Thi Le, University of Warwick) 'I would strongly recommend Q&A guides. They have vastly improved my structuring of exam answers and helped me identify key components of a high quality answer' (Hayden Roach, Bournemouth University) '100% would recommend. Makes you feel like you will pass with flying colours' (Elysia Marie Vaughan, University of Hertfordshire) 'My fellow students rave about this book'

(Octavia Knapper, Lancaster University) 'The best Q&A books that I've read; the content is exceptional' (Wendy Chinenye Akaigwe, London Metropolitan University) 'I would not hesitate to recommend this book to a friend' (Blessing Denhere, Coventry University) Wiley Law Publications This collection of essays addresses some of the fundamental questions facing the law of contract and of unjust enrichment in the twenty-first century from a comparative perspective. Leading academics from Canada and the United Kingdom analyse the nature and development of the principles of unjust enrichment, their relationship with contract and fiduciary

obligations and their impact upon traditional contractual doctrines such as mistake, undue influence, frustration and the assessment of damages. The text provides an insightful, contemporary and provocative examination of this fast-developing area of law.

An Index and Digest of Published

Writings Red Globe Press

This book focuses on the law of commercial contracts as constructed by the U.S. and UK legal systems. Leading scholars from both sides of the Atlantic provide works of original scholarship focusing on current debates and trends from the two dominant common law systems. The chapters approach the subject areas from a variety of perspectives - doctrinal analysis, law and economic analysis, and social-legal studies, as well as other theoretical perspectives. The book covers the major themes that underlie the key debates relating to commercial contract law: role of consent; normative theories of contract law; contract design and good faith; implied

terms and interpretation; policing contract behavior; misrepresentation, breach, and remedies; and the regional and international harmonization of contract law.

Contributors provide insights on the many commonalities, but more interestingly, on the key divergences of the United States and United Kingdom's approaches to numerous areas of contract law. Such a comparative analysis provides a basis for future developments and improvements of commercial contract law in both countries, as well as other countries that are members of the common law systems. At the same time, insights gathered here should also be of

interest to scholars and practitioners of the civil law tradition.

With a strong focus on helping students understand and apply case law, JC Smith's *The Law of Contract* guides the reader through the intricacies of contract law in an accessible way. A modern revision of the classic text, the author ensures students are provided with expert analysis and clarity, with key cases clearly signposted throughout. The clear structure of the text assists student preparation for assignments and exams through the problem and essay based questions and further reading suggestions at the end of each chapter. The

accompanying online resources support student learning with: - Guidance on answering the questions in the text -Links to key cases -Multiple choice questions -Example essays from real students with annotations from the author All this ensures that students have the complete package they need to excel on contract law courses. *Casebook on Contract Law* Routledge This book is a collection of original, thought-provoking essays on critical issues in contract, commercial and corporate law. It is dedicated to the memory of the late Professor Jill Poole, who inspired so many and made such important contributions to these fields of law. The

essays are written by leading practitioners and academics in the field, building on Jill's work. As such this collection will be of interest and importance to professionals, academics and students in these fields of law. The Professor Jill Poole Educational Fund has been established in memory of Jill. It will be used to support undergraduate students in obtaining 'excellence scholarships' at Aston Law School and to reward 'excellence' at the annual law graduation ceremony. All contributions are welcome, and the royalties from this collection of essays have been donated to it. *Anson's Law of Contract* Edward Elgar

A Handbook on Commercial Court Practice is a short commentary on the

Commercial Courts Act, 2015. The Code of Civil Procedure was amended by the Commercial Courts Act, 2015 to mark the distinction between non-commercial and commercial suits. The first part of the book provides an overview of all such amended provisions which apply to commercial suits exclusively. The second part of the book contains brief commentaries on topical issues of the law of contract like the interpretation of contract, breach of contract, contract damages, penalty, privity of contract, etc. on which a practitioner argues in the Court. This quick reference book may come to the aid of all those who are to conduct commercial cases in the specially

designated courts. *International Commercial Agreements* Oxford University Press
