 We all know how amazingly accurate astrology can be about reading personalities and predicting action based on the position of the stars in relation to our own signs. But what about the most intimate (and elusive) aspect of our lives: our sexual selves. How can we be sure our partner will be compatible with our energy and needs? Can the stars help us really know? In *The Complete Idiot's Guide to Sextrology*, Megan Skinner, astrologist extraordinaire, tells us how to use the stars to find the perfect sexual mate. She profiles the sexual traits of each of the 12 signs, then shows us every combination of them and what to expect in bed. Funny, insightful, and practical, this helpful handbook will ensure success to anyone looking for the perfect partner.

This book is the first comprehensive guide to the Moon's nodes--probably the most misunderstood points in astrology. The nodes are not planets, but the points on your birth chart where the orbit of the Moon around the Earth crosses the ecliptic. The nodes are the key to understanding your spiritual purpose for this lifetime. The South Node reveals the lessons, talents, and abilities you mastered in past lives, while the North Node shows you how to best use your past-life skills for spiritual growth, happiness, and success in this life. The Complete Node Book presents a new and empowering perspective on the nodes. It defines and analyzes the specific lessons and challenges presented by each of the 144 possible placements of the nodes. Both sign and house placement of the nodes are considered for extraordinarily insightful and accurate interpretations. For beginning astrologers, this guidebook provides easy-to-find personal interpretations and a free birth chart offer. For advanced astrologers, it will serve as the definitive reference manual on the Moon's nodes.

This book, a transcript of the second term of Clare Martin's introductory course in astrology given for the Centre for Psychological Astrology, continues her clear, insightful and innovative presentation of the basics of astrological study. Exploring the planetary aspects and the houses of the horoscope, the ten lessons focus on the horoscope as a dynamic interweaving of polarities: not only the angles, the houses, and their related zodiacal signs are examined from the perspective of complementarity, but also the enigmatic Moon's Nodes, which are interpreted from a fresh and exciting perspective. Major and minor aspects are illuminated by examples and discussion from the group, and the importance of a missing element or aspect is discussed with originality and depth. Volume 2 of Mapping the Psyche is a superb successor to Clare's first volume on the planets and the zodiacal signs, and will provide solid groundwork for students taking their first steps in astrology, as well as deepening the understanding of experienced practitioners who can benefit from Clare's beautifully structured, elegant and comprehensive approach.

Ancient myths describe an eclipse as the Sun or Moon being swallowed by a dragon. Since an eclipse could only occur near the lunar nodes, these became the head and tail of the dragon. Older references and eastern astrology still call the Moon's North Node the Dragon's Head and the South Node the Dragon's Tail. The Node Book goes beyond detailed information about the Moon's Nodes in signs and houses. Also included are chapters focused on the planetary nodes of Mercury, Venus, Mars, Jupiter, Saturn, Uranus, and Pluto, and the nodes of the four main asteroids: Ceres, Vesta, Juno, and Pallas. Extensive tables and directions for their use make it easy to find the nodes for the planets and asteroids.

George White, founding member of the London Astrological Research Society, was a pioneer in the use and delineation of the Moon's Nodes, as well as the Nodes of the other planets. The Moon's Nodes, originally published in London in 1927, describes the Nodes and how they are related to physical stature, fame and success. The author also gives detailed information concerning the part the Nodes play in relation to the signs and houses, as well as aspects to the Nodes from other planets. He cites numerous examples. Included in this definitive work is a chapter on eclipses and their effect on natal horoscopes.

This in-depth work describes the system of Carteret, how you receive a life purpose, the northern Moon node, from the celestial guides before you get on the earthly plane, and how this message works throughout your life in a sequence of 7 year cycles. Your life purpose is a result of your past life experiences, the southern Moon node. In your youth you get disappointed in your life purpose and abandon it. For two 7 year cycles you trust on your southern Moon node qualities to keep your head up. After that and after you cracked Pluto you start to live up to your original life purpose again. Together with your divine intuition, the black Moon Lilith, everyone is able to reach completeness for eternity. The Moon's nodes are explained in a very practical way - in the houses and in conjunction aspect- so that everyone can discern their own life destination and the phase they are in. This book is full of information you cannot find from other sources, and will be of interest to beginners and practicing astrologers

alike. It was written after 15 years of investigation and experience. Sebastian van Wingerden describes a lot of past life session and angels experiences in his rich practice of hypnotherapist to illustrate the working of the Moon nodes. The Moon's north node in the horoscope is a powerful indicator of our life purpose. This book provides a fascinating background story for the life path in the natal chart. The north node in each of the 12 houses is described in detail with case histories from reincarnation sessions with actual clients. More than 200 pages are devoted to the northern Moon node in the houses. The next nearly 100 pages give interpretations for the planets Mercury through Pluto and the luminaries (the Sun and Moon) when in conjunction with the northern Moon node. Conjunctions are the most powerful aspects in any chart and are the simplest aspects for a beginner to identify. The introductory chapters of this book are an added bonus. The chart reading system of French philosopher Jean Carteret is described in detail. Carteret proposed the use of six spiritual points which together help to delineate the soul's purpose on Earth. Carteret is not known to have written down any of his ideas. The Moon's nodes and the Black Moon Lilith are included among Carteret's six spiritual points. Through hypnotic regression of clients, Wingerden gained great insight into the soul's journey between lives and how each lifetime is arranged to obtain specific benefits. The first 100 pages of this book are devoted to describing how reincarnation works. Wingerden goes into the timeline calculations for the entire lifespan as defined by the progressive new and full moons. The concept of cracking Pluto is also mentioned as part of Carteret's system of interpretation. This portion of the book will be of greater interest to the professional astrologer as it uses more technically-advanced methods. One of the most fascinating features of this book is the detailed stories of past lives which Wingerden has uncovered during client sessions using hypnotic regression techniques. Possibly the most controversial idea presented by Wingerden concerns retrograde Mercury and reincarnation refusal. This portion of the book highlights the long-term effects that severe abuse and trauma can have on the evolving soul. This book about the northern Moon node is the foundation of Wingerden's trilogy, which also includes a book about cracking Pluto and another about the Black Moon Lilith. Together these three books expose Carteret's astrological system in a way that is not easily found elsewhere. Wingerden's trilogy provides a solid foundation for an in-depth psychological reading of any birth chart. In the year 2017 he has published his book *Cracking Pluto* and in the year 2018 his book about the black Moon Lilith will shine its light to complete his trilogy about the system of Carteret.

The story of your Nodes trace the trajectory of your Soul through time. Jungian Astrologer, Elizabeth Spring, again brings the North and South Nodes to life, years after writing "North Node Astrology; Re-discovering Your Life Direction and Soul Purpose." What about the South Node? Together the Nodes hold powerful insights into our soul journey; what we got right, what we suffered from, and what we're carrying over into this life, but the South Node specifically addresses what you need to do now to live your best life--and not to repeat the mistakes of the past. The insights are encrypted in the story of the South Node; and you can uncover this karmic story. Understanding the Nodes will keep you from sabotaging yourself and your relationships now. We repeat the past until we make it conscious; or as Carl Jung said: "When a given situation is not made conscious, it happens outside as fate." What do we not know about ourselves? Or our potential partners or children? What are the hidden dynamics in the relationship? Follow the planetary trail from the South Node... For students and astrologers this will be an excellent reference book; both for themselves and their clients, yet it's written for the curious new reader as well. Elizabeth is the author of five astrology books, including the best selling book: "North Node Astrology" Find her at: NorthNodeAstrology.com and on her podcast: North Node Astrology on Apple Podcasts "Elizabeth has done it again! Few astrologers can animate they symbols the way she does..." Steven Forrest, author of "The Inner Sky"
