besting robot logic to engaging in hand-to-pincer combat, *How to Survive a Robot Uprising* covers every possible doomsday scenario facing the newest endangered species: humans. "I couldn't have... I wouldn't have... I'd never..." Kate O'Hara knew exactly where she was going. She had a good job, good friends and - aside from her recent nasty break-up - a good life relatively free of drama. That is, until she woke up in bed with a handsome cowboy named Dusty Miller... And discovered she was married to him! Try as she might to get away, Dusty's touch kept her wanting more. Maybe being married to a complete stranger wasn't as bad as she thought; especially when that stranger knew how to start a fire in her body like no one else. But when reality sets in - complete with ex drama and career problems - does the marriage of two people who never knew each other really stand a chance?

There's something about a cowboy, right? Exhibit A: Gunner Wilson--Pistol Rock's resident gunslinger. He's broad-chested, inked, with a devilish swagger that could make a nun to recant. He moved back into my life quicker than a cold snap comes and goes in Texas. I should be concerned

since Mr. Sexy Texas Ranger has put me in hot water more times than I can count. Yet we can't keep our hands off each other. Folks in town say he's bad news. I beg to differ. He's changed. They think I should give him the boot. Rid my life of more trouble. But what they don't know is-- I'm the one welcoming trouble into our small town. And sometimes a reformed bad boy is the only thing standing between a girl and some-not-so-very-good men.

The Power of Positive Thinking is one of the most widely read and widely referenced books in Modern American History. It is so widely known that it has actually become part of the English Language. If somebody you know feels down and out and thinks that he just cannot do any thing right, what you say to him is: "Try the Power of Positive Thinking" or you might say, "Read Norman Vincent Peale." Here is what President Bill Clinton said upon hearing of the death of Norman Vincent Peale: The name of Dr. Norman Vincent Peale will forever be associated with the wondrously American values of optimism and service. Dr. Peale was an optimist who believed that, whatever the antagonisms and complexities of modern life brought us, anyone could prevail by approaching life with a simple sense of faith. And he served us by instilling that optimism in every Christian and every other person who came in contact with his writings or his hopeful soul. In a productive and giving life that spanned the 20th century, Dr. Peale lifted the spirits of millions and millions of people who were nourished and sustained by his example, his teaching,

and his giving. While the Clinton family and all Americans mourn his loss, there is some poetry in his passing on a day when the world celebrates the birth of Christ, an idea that was central to Dr. Peale's message and Dr. Peale's work. He will be missed.

Bill Bay asked me to write a follow up book to my last book, "The Bluegrass Pickers Tune Book (20233). If you like Bluegrass music (232 songs) I'd recommend getting that book to add to your collection. the focus of this book, the Acoustic Source Book is on roots and old-time music. the book is focused on the time period from late 1800's until 1940's. There are a few songs from the Bluegrass Book that were too important to be left out. I decided not to use any patriotic and Christmas songs and came up with a list of about 400 songs which eventually was cut down to over 200. During the late 1800's and early

1900's there was an important evolution in American music; the birth of jazz, ragtime, and blues. This was also the period of the phonograph and early commercial recordings. Music from the Minstrel period as well as traditional songs were used as staple for the roots musicians. In the early 1900's there were rags, blues, gospel, Tin-Pan Alley, jug band, spiritual, old-time country and popular songs. I've tried to include some of the well-known songs from every genre to give you a big slice of Americana. There are some great songs that are popular roots, bluegrass and old-time songs today that have never been published. There are also great songs that are not well known that should be played and enjoyed.

The Power of Positive Thinking Portico

Sarah Jean's Uncle Jed was the only black barber in the county. He had a kind heart and a warm smile. And he had a dream. Everyone has a favorite relative. For Sarah Jean, it was her Uncle Jed. Living in the segregated South of the 1920s, where most people were sharecroppers, Uncle Jed had to travel all over the county to cut his customers' hair. He lived for the day when he could open his very own barbershop. But it was a long time, and many setbacks—from five-year-old Sarah Jean's emergency operation to the bank failures of the Great Depression—before the joyful day when Uncle Jed opened his shiny new shop and twirled a now grown-up Sarah Jean around in the barber chair. With James E. Ransome's richly colored paintings brimming with life, this is a

stirring story of dreams long deferred and finally realized.

It's not easy being Mikey Elsinger and Margalo Epps in ninth grade. It seems like things are changing. Now some people want to sit at the same lunch table with them, and some even ask them for advice. What are the two friends to make of this strange behavior? Frankly all the attention cuts into the little time they have together and distracts attention from their own interests, like tennis and drama, and their own problems, like cheating in tennis and things not going the way Margalo plans they will in drama. In the opinion of these two bad girls, ninth grade can't end fast enough! But no matter how bad things get, one thing's for sure: They'll have each other. Criminal Vol. 1: Coward Xlibris Corporation Poetry is so personal. It is hard to convince readers to take the time to feel the words, not just read them. The Eighth Wonder of the World presents something we all possess and don't realize its value. So, for this fourth book, The Eleventh Wonder of the World, to resonate with the buyer/reader, a love of poetry will initially be the reason it sells. After that, it will be the value to each reader as they capitalize on the wonders we all possess. The series

of Wonders of the World poems are to relate all humans on Earth to a common denominator. The mind (eight wonder) and the soul (ninth wonder) are our human metaphysical commonalties, whereas the heart (tenth wonder) and the brain (the eleventh wonder) are physical commonalties to all of us as individuals. And finally, the spirit (twelfth wonder), our infinite energy, is what each of us are metaphysically, for the infinite trip from here to there, the final wonder.
