 Yanmar Industrial Diesel Engine Tn  
 The YANMAR line of Final Tier 4 engines continues to build upon the legendary reliability of the YANMAR TNV line with a focus on vibration reduction and high-strength materials. The result is an engine more than capable of handling the most demanding applications. Building off the proven TNV design, YANMAR has achieved superior exhaust emissions utilizing common rail direct-injection, exhaust gas recirculation, precise ECU engine control and a diesel particulate filter. 4TN107FHT - YANMAR Industrial Engines  
 Yanmar has developed two new high-power industrial diesel engines, the 4TN101 and the 4TN107. With a maximum output of up to 155kW, both engines meet EU Stage V emission regulations. In expanding our over-56kW class lineup,

Yanmar is meeting a wide variety of off-road machinery needs, including construction, agricultural, and material-handling machinery to provide optimum eco-friendly power solutions. TWO NEW HIGH-POWER INDUSTRIAL DIESEL ENGINES ... - YANMAR  
 More information. Bringing 4TN107 high power diesel engine to our customers is the result of Yanmar's rich heritage and vast experience in developing cutting-edge diesel engine technology, and show YANMAR commitment to producing the very best high-power, fuel-efficient diesel engines that the market demands. Main features: Best in Class Fuel Consumption. Product-Detail Diesel Water-cooled engines - Yanmar Industrial

 YANMAR develops engines based on unique technologies from its fundamental research. With our Base Engine Design Division, individual customer requirements are incorporated right from the design phase, and the many engineers of our Application Design Division customize each engine with exacting attention to detail, producing results which truly embody our customer's vision for the ideal engine. Industrial Engines | YANMAR  
 YANMAR has been producing diesel engines since 1933, and today has manufactured over 15 million diesel engines ranging from 4.5 to 5,000 horsepower. Currently, more than one million YANMAR diesel engines are powering North America's leading edge mobile and stationary off-highway equipment. From construction equipment, generator sets, pressure washers and turf equipment to military applications and agricultural equipment, YANMAR America is proud to be the leading compact diesel power that ... Industrial Engines | Yanmar

USA  
 Yanmar's proprietary compact air-fuel mixing system results in a smaller engine (by approximately 9%) by eliminating the conventional gas engines with mixer system. Furthermore, our experience in installing industrial diesel engines to a variety of industrial machinery means that the engine layout is optimized to enable easy installation to forklifts, construction equipment, agricultural equipment and more.
