Within the long-lost Temple of Luna, built by Alexander the Great to store his most valuable possessions, Lara Croft discovers a device that leads the way to the deadliest artifact of all time: the legendary Pandora's Box. Hidden for centuries in a place known to the pharaohs as "the cradle of life," the box that once brought life to Earth now contains only a lethal plague. Unfortunately for Lara, a ruthless bioterrorist has uncovered the existence of this weapon as well. The

only person who can help Lara get to the box first is a former Royal Marine -- once Britain's finest soldier and now an immoral mercenary who sells his deadly skills to the highest bidder. Once Lara trusted her heart to Terry Sheridan. Now she's not sure if she dares to turn her back on him. With the fate of the world hanging in the balance, Lara Croft must trust Sheridan once again. And watch him closely, lest he betray her -- and civilization itself -- one last, catastrophic time.

Titan Books (US, CA)

Back in 1994 at the game company "CORE Design" in Derby, Lara Croft was born.

Through eighteen months of pure hard work from the team, Tomb Raider was released in 1996 and became the success that we see today; taking part in the mid-nineties celebrations of Brit-Pop and Girl Power. This is the story of the team who were involved in creating the first two games, then leaving the series to a

new team in 1998. Lara Croft brought class, comedy, and a James Bondian role to the game, dreamt up by Toby Gard and helped to become a pitch with Paul Douglas. The game was a gamble, but because everyone at the company believed in it, it led to huge success for everyone, except for Toby and Paul. "The Making of Tomb Raider" goes into detail of how Lara and the games were born, alongside why Toby Gard and Paul Douglas left before the sequel was released. Throughout eleven chapters of countless interviews, this book will tell you who was responsible for creating the first two games; from its levels, its music, the many voices of Lara Croft,

and much more. The team also reveals all about the star of the second game; Winston the Butler, and how he came to be by Joss Charmet. Over twenty people were interviewed for this story; from the pitch for what would be Tomb Raider, alongside the challenges along the way, up until the release of Tomb Raider 2 in 1997
