Part 2 of 2 Today we are releasing Version 2 of the CFPB Supervision and Examination Manual, the guide our examiners use in overseeing companies that provide consumer financial products and services. Our manual, originally released in October 2011, describes how the CFPB supervises and examines these providers and gives our examiners direction on how to determine if companies are complying with consumer financial protection laws. We updated the supervision manual to reflect the renumbering of the consumer financial protection regulations for which the CFPB is responsible. The numbering conventions in the Code of Federal Regulations (CFR) allow the reader to easily identify which regulations fall under a particular agency's responsibility. The renumbering incorporated throughout the manual reflects the Dodd-Frank Act of 2010 transfer of rulemaking responsibility for many consumer financial protection regulations from other Federal agencies to the CFPB. In December 2011, the CFPB published its renumbered regulations in the Federal Register. The renumbered regulations also included certain technical changes but no substantive changes. The CFPB's renumbering reflects the codification of its regulations in Title 12 (Banks and Banking), Chapter X (Bureau of Consumer Financial Protection) of the CFR. For example, before July 21, 2011, the Federal Reserve had rulemaking authority for the Home Mortgage Disclosure Act, which was codified in Title 12, Chapter II (Federal Reserve System), Part 203. The CFPB's implementing regulation for the Home Mortgage Disclosure Act is now codified in Title 12, Chapter X, Part 1003.

Modern Consumer Law is a lively, concise, problem-focused text on contemporary consumer law. It is the only text on the market conceptualized after Dodd-Frank and its creation of the Consumer Financial Protection Bureau. The book takes a functional approach to consumer law, looking at types of transactions such as mortgages as well as kinds of laws such as disclosure rules. It examines core theoretical questions in an accessible way, revealing consumer law as a series of statutes built on the common law foundations of contract and tort. Organized into 28 class-sized assignments, the book is easy to adapt to a teacher's preferences in terms of focus and class credits. The problems provide students with the opportunity to apply statutes to realistic situations and ask them to consider the perspectives of consumers, businesses, and lawmakers. Katherine Porter is a national expert in consumer law and a co-author of Wolter Kluwer's The Law of Debtors and Creditors.
