""Nazis in Newark is a model local history that reaches well

beyond the border of Essex County, New Jersey, to the national and international arenas. By recounting so many sides of the complicated encounter between Nazis and Jews in Newark, Warren Grover has fashioned a world of street politics, boycotts, Nazi louts and Jewish bruisers that is as compelling and telling in its detail as any grand tome on the supposed failures and successes of American Jewish resistance to the Holocaust... I recommend Nazis in Newark. I intend to use it as a cornerstone of my teaching for some time to come." --Professor Michael Alexander *The Jewish Quarterly Review* ""Very few people today realize that the U.S. mainland was the scene of battles against the Nazis. Warren Grover has produced an outstanding work on this subject. The writing is incisive, the ideas are both original and insightful and the thesis masterfully developed and executed. Must reading for anyone interested in American history and ethnic studies." --William B. Helmreich, CUNY Graduate Center and author of *The Enduring Community* ""Thanks to tenacious research and deft story-telling, Warren Grover has put the politics of extremism in one city in the shadow of Fascism, Nazism and Communism, and has thus illuminated the terrible dilemmas of the 1930s. His book also compels the reader to consider an historical anomaly: champions of the Third Reich come across as victims whose civil liberties were infringed, and the gangs of Newark responsible for these violations tended to be Jewish. Such ironies make Nazis in Newark worth the interest of anyone intrigued by ethnic conflict and political violence in urban America." --Stephen Whitfield, Max Richter Professor of American Civilization, Brandeis University ""In this fast-paced, thorough study of anti-Nazism in Newark, scholar Warren Grover

Sydney Taylor Award-winning novel *Berlin Boxing Club* is loosely inspired by the true story of boxer Max Schmeling's experiences following Kristallnacht. Publishers Weekly called it "a masterful historical novel" in a starred review. Karl Stern has never thought of himself as a Jew; after all, he's never even been in a synagogue. But the bullies at his school in Nazi-era Berlin don't care that Karl's family doesn't practice religion. Demoralized by their attacks against a heritage he doesn't accept as his own, Karl longs to prove his worth. Then Max Schmeling, champion boxer and German hero, makes a deal with Karl's father to give Karl boxing lessons. A skilled cartoonist, Karl has never had an interest in boxing, but now it seems like the perfect chance to reinvent himself. But when Nazi violence against Jews escalates, Karl must take on a new role: family protector. And as Max's fame forces him to associate with Nazi elites, Karl begins to wonder where his hero's sympathies truly lie. Can Karl balance his boxing dreams with his obligation to keep his family out of harm's way? Includes an author's note and sources page detailing the factual inspirations behind the novel.

Twenty-five years after her passing, Audrey Hepburn remains the most beloved of all Hollywood stars, known as much for her role as UNICEF ambassador as for films like *Roman Holiday* and *Breakfast at Tiffany's*. Several biographies have chronicled her stardom, but none has covered her intense experiences through five years of Nazi occupation in the Netherlands. According to her son, Luca Dotti, "The war made my mother who she was." Audrey

Hepburn's war included participation in the Dutch Resistance, working as a doctor's assistant during the "Bridge Too Far" battle of Arnhem, the brutal execution of her uncle, and the ordeal of the Hunger Winter of 1944. She also had to contend with the fact that her father was a Nazi agent and her mother was pro-Nazi for the first two years of the occupation. But the war years also brought triumphs as Audrey became Arnhem's most famous young ballerina. Audrey's own reminiscences, new interviews with people who knew her in the war, wartime diaries, and research in classified Dutch archives shed light on the riveting, untold story of Audrey Hepburn under fire in World War II. Also included is a section of color and black-and-white photos. Many of these images are from Audrey's personal collection and are published here for the first time.

A 2021 National Jewish Book Award Finalist One of Smithsonian Magazine's Best History Books of 2021 "An uplifting tale, suffused with a karmic righteousness that is, at times, exhilarating." —Wall Street Journal "A gripping narrative that reads like a page turning thriller novel." —NPR In the summer of 1942, the Rabinowitz family narrowly escaped the Nazi ghetto in their Polish town by fleeing to the forbidding Bialowieza Forest. They miraculously survived two years in the woods—through brutal winters, Typhus outbreaks, and merciless Nazi raids—until they were liberated by

the Red Army in 1944. After the war they trekked across the Alps into Italy where they settled as refugees before eventually immigrating to the United States. During the first ghetto massacre, Miriam Rabinowitz rescued a young boy named Philip by pretending he was her son. Nearly a decade later, a chance encounter at a wedding in Brooklyn would lead Philip to find the woman who saved him. And to discover her daughter Ruth was the love of his life. From a little-known chapter of Holocaust history, one family's inspiring true story.

This is a Holocaust story like very few others. It's about a youngster who turned on his persecutors and showed them that Jewish blood is not cheap. And he lived to tell his story! A. Romi Cohn -- today a well-known mohel, businessman and philanthropist -- was a precocious, active 10-year-old yeshivah student when the Nazis invaded Poland. Soon afterward, they and their puppet regime took over his native Czechoslovakia. The Nazis did not have to round up Czech Jews, the Czechs did it for them, and even paid the conqueror to take the Jews off their hands.

"Brilliantly researched, utterly gripping history: the first full account of a remarkable group of Jewish refugees—a top-secret band of brothers—who waged war on Hitler."—Alex Kershaw, New York Times best-selling author of *The Longest Winter* and *The Liberator* The incredible World War II saga of the German-Jewish commandos who fought in Britain's most secretive special-forces unit—but whose story has gone untold until now June

1942. The shadow of the Third Reich has fallen across the European continent. In desperation, Winston Churchill and his chief of staff form an unusual plan: a new commando unit made up of Jewish refugees who have escaped to Britain. The resulting volunteers are a motley group of intellectuals, artists, and athletes, most from Germany and Austria. Many have been interned as enemy aliens, and have lost their families, their homes—their whole worlds. They will stop at nothing to defeat the Nazis. Trained in counterintelligence and advanced combat, this top secret unit becomes known as X Troop. Some simply call them a suicide squad. Drawing on extensive original research, including interviews with the last surviving members, Leah Garrett follows this unique band of brothers from Germany to England and back again, with stops at British internment camps, the beaches of Normandy, the battlefields of Italy and Holland, and the hellscape of Terezin concentration camp—the scene of one of the most dramatic, untold rescues of the war. For the first time, X Troop tells the astonishing story of these secret shock troops and their devastating blows against the Nazis. “Garrett’s detective work is stunning, and her storytelling is masterful. This is an original account of Jewish rescue, resistance, and revenge.”—Wendy Lower, author of *The Ravine* and National Book Award finalist *Hitler’s Furies*

Born in 1929 in Germany, Ottomar Rudolf lived during World War II in Ulm on the Danube. Towards the end of the war he was inducted into the Wehrmacht. He served in the Panzer Corps in 1945 and was sent to the eastern front. He returned to Ulm after being wounded. When the war ended Ulm was in the American

sector of occupation. Relatives sponsored him to come to the United States. Arriving in New York in 1948, he attended Manhattan College in New York City and received a BA in Philosophy. His first teaching position was at St. Joseph's College in Philadelphia, Pennsylvania. During the Korean War he was drafted into the Signal Corps. While serving, he became an American citizen. After Korea he was sent to Heidelberg, Germany, to finish his tour of duty. At the University of Heidelberg he studied Philosophy and German Literature and upon his return to the United States he continued those studies at the University of Pennsylvania in Philadelphia. He subsequently received appointments as assistant professor of German at Bryn Mawr and Haverford colleges in Pennsylvania. In 1959 he earned his PhD in Germanic Languages and Literature at the University of Pennsylvania. In 1963 he moved to Portland, Oregon to take the position of Assistant Professor of German and Humanities at Reed College, where he taught until his retirement in 1998 as Professor Emeritus. Since the 1970s, when the dominance of military histories of the World Wars ended, and social historical histories of conflict rose to prominence, women have come to play an increasingly important role in mainstream stories about the Second World War. Although this is undeniably a valuable development, the perspectives on women that arose have in many respects remained limiting – although in new ways. Women have been portrayed as carers, as victims (notably of sexual violence), but

rarely as agents of their own fate. This volume focuses on this last group. In spite of the undeniable suffering and victimization that befell so many women during the war, for others the war also opened opportunities and awakened ambitions. The articles in this volume, which cover both Europe and Asia, bring together some of the women who took initiatives, of which they sometimes suffered the dire consequences, sometimes enjoyed the fruits.

Frederike Helwig - Kriegskinder The Experiment

A 2018 FINALIST FOR THE PULITZER PRIZE The chilling, little-known story of the rise of Nazism in Los Angeles, and the Jewish leaders and spies they recruited who stopped it. No American city was more important to the Nazis than Los Angeles, home to Hollywood, the greatest propaganda machine in the world. The Nazis plotted to kill the city's Jews and to sabotage the nation's military installations: plans existed for hanging twenty prominent Hollywood figures such as Al Jolson, Charlie Chaplin, and Samuel Goldwyn; for driving through Boyle Heights and machine-gunning as many Jews as possible; and for blowing up defense installations and seizing munitions from National Guard armories along the Pacific Coast. U.S. law enforcement agencies were not paying close attention--preferring to monitor Reds rather than Nazis--and only Leon Lewis and his daring ring of spies stood in the way. From 1933 until the end of World War II, attorney Leon Lewis, the man Nazis would come to call "the most dangerous Jew in Los Angeles," ran a spy operation comprised of military veterans and their wives who infiltrated every Nazi and fascist group in Los Angeles. Often rising to leadership positions, this daring ring of spies uncovered and foiled the Nazi's disturbing plans for death and destruction. Featuring a large cast of Nazis,

undercover agents, and colorful supporting players, Hitler in Los Angeles, by acclaimed historian Steven J. Ross, tells the story of Lewis's daring spy network in a time when hate groups had moved from the margins to the mainstream.

A cobblestone road. A sunny day. A soldier. A gun. A child, arms high in the air. A moment captured on film. But what is the history behind arguably the most recognizable photograph of the Holocaust? In *The Boy: A Holocaust Story*, the historian Dan Porat unpacks this split second that was immortalized on film and unravels the stories of the individuals—both Jews and Nazis—associated with it. *The Boy* presents the stories of three Nazi criminals, ranging in status from SS sergeant to low-ranking SS officer to SS general. It is also the story of two Jewish victims, a teenage girl and a young boy, who encounter these Nazis in Warsaw in the spring of 1943. The book is remarkable in its scope, picking up the lives of these participants in the years preceding World War I and following them to their deaths. One of the Nazis managed to stay at large for twenty-two years. One of the survivors lived long enough to lose a son in the Yom Kippur War. Nearly sixty photographs dispersed throughout help narrate these five lives. And, in keeping with the emotional immediacy of those photographs, Porat has deliberately used a narrative style that, drawing upon extensive research, experience, and oral interviews, places the reader in the middle of unfolding events.

The first, and still the best known, testimony by a gay survivor of the Nazi concentration camps translated into English, this harrowing autobiography opened new doors onto the

understanding of homosexuality and the Holocaust when it was first published in 1980 by Gay Men's Press. *THE MEN WITH THE PINK TRIANGLE* has been translated into several languages, with a second edition published in 1994 by Alyson Books. Heger's book also inspired the 1979 play *Bent* by Martin Sherman which was filmed as the 1997 movie of the same name, directed by Sean Mathias.

NEW YORK TIMES Bestseller "An irresistible history of the WWII Jewish refugees who returned to Europe to fight the Nazis."

—Newsday They were young Jewish boys who escaped from Nazi-occupied Europe and resettled in America. After the United States entered the war, they returned to fight for their adopted homeland and for the families they had left behind. Their stories tell the tale of one of the U.S. Army's greatest secret weapons. *Sons and Soldiers* begins during the menacing rise of Hitler's Nazi party, as Jewish families were trying desperately to get out of Europe. Bestselling author Bruce Henderson captures the heartbreaking stories of parents choosing to send their young sons away to uncertain futures in America, perhaps never to see them again. As these boys became young men, they were determined to join the fight in Europe. Henderson describes how they were recruited into the U.S. Army and how their unique mastery of the German language and psychology was put to use to interrogate German prisoners of war. These young

men—known as the Ritchie Boys, after the Maryland camp where they trained—knew what the Nazis would do to them if they were captured. Yet they leapt at the opportunity to be sent in small, elite teams to join every major combat unit in Europe, where they collected key tactical intelligence on enemy strength, troop and armored movements, and defensive positions that saved American lives and helped win the war. A postwar army report found that nearly 60 percent of the credible intelligence gathered in Europe came from the Ritchie Boys. *Sons and Soldiers* draws on original interviews and extensive archival research to vividly re-create the stories of six of these men, tracing their journeys from childhood through their escapes from Europe, their feats and sacrifices during the war, and finally their desperate attempts to find their missing loved ones. *Sons and Soldiers* is an epic story of heroism, courage, and patriotism that will not soon be forgotten.

The sensational German bestseller on the overwhelming role of drug-taking in the Third Reich, from Hitler to housewives. 'Bursting with interesting facts' Vice 'Extremely interesting ... a serious piece of scholarship, very well researched' Ian Kershaw The Nazis presented themselves as warriors against moral degeneracy. Yet, as Norman Ohler's gripping bestseller reveals, the entire Third Reich was permeated with drugs: cocaine, heroin, morphine and, most of all, methamphetamines, or crystal meth, used by everyone from factory workers to housewives, and crucial to troops' resilience - even partly explaining German victory in 1940. The promiscuous use of drugs at the very highest levels also impaired and confused decision-making, with Hitler

and his entourage taking refuge in potentially lethal cocktails of stimulants administered by the physician Dr Morell as the war turned against Germany. While drugs cannot on their own explain the events of the Second World War or its outcome, Ohler shows, they change our understanding of it. *Blitzed* forms a crucial missing piece of the story.

The true, untold story of how Germany's children fought in WWII, through the lens of the author's father and his rediscovered journal *When Helene Munson* finally reads her father, Hans Dunker's, wartime journal, she discovers secrets he kept buried for seven decades. This is no ordinary historical document but a personal account of devastating trauma. During World War II, the Nazis trained some three hundred thousand German children to fight—and die—for Hitler. Hans was just one of those boy soldiers. Sent to an elite school for the gifted at nine years old, he found himself in the grip of a system that substituted dummy grenades for Frisbees. By age seventeen, Hans had shot down Allied pilots with anti-aircraft artillery. In the desperate, final stage of Hitler's war, he was sent on a suicide mission to Závada on the Sudetenland front, where he witnessed the death of his schoolmates—and where Helene begins to retrace her father's footsteps after his death. As Helene translates Hans's journal and walks his path of suffering and redemption, she uncovers the lost history of an entire generation brainwashed by the Third Reich's school system and funneled into the Hitler Youth. A startling new account of this dark era, *Hitler's Boy Soldiers* grapples with inherited trauma, the burden of guilt, and the blurred line between "perpetrator" and "victim." It is also a poignant tale of

forgiveness, as Helene comes to see her late father as not just a soldier but as one child in a sea of three hundred thousand forced onto the wrong side of history—and left to answer for it.

All the Light We Cannot See Tim Duggan Books

"A masterpiece" (*The Guardian*) from the Nobel Prize-winning writer, an oral history of children's experiences in World War II across Russia NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her for inventing "a new kind of literary genre," describing her work as "a history of emotions . . . a history of the soul." Bringing together dozens of voices in her distinctive style, *Last Witnesses* is Alexievich's collection of the memories of those who were children during World War II. They had sometimes been soldiers as well as witnesses, and their generation grew up with the trauma of the war deeply embedded—a trauma that would change the course of the Russian nation. Collectively, this symphony of children's stories, filled with the everyday details of life in combat, reveals an altogether unprecedented view of the war. Alexievich gives voice to those whose memories have been lost in the official narratives, uncovering a powerful, hidden history from the personal and private experiences of individuals. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *Last Witnesses* is a powerful and poignant account of the central conflict of the twentieth century, a kaleidoscopic portrait of the human side of war. Praise for *Last Witnesses* "There is a special sort of clear-eyed humility to [Alexievich's] reporting."—*The Guardian* "A bracing reminder of the enduring

power of the written word to testify to pain like no other medium. . . . Children survive, they grow up, and they do not forget. They are the first and last witnesses.”—The New Republic “A profound triumph.”—The Big Issue “[Alexievich] excavates and briefly gives prominence to demolished lives and eradicated communities. . . . It is impossible not to turn the page, impossible not to wonder whom we next might meet, impossible not to think differently about children caught in conflict.”—The Washington Post

The Secret Story of the Rebels who Fought for Britain to Defeat Hitler The Boys Who Challenged Hitler Knud Pedersen and the Churchill Club

The #1 New York Times–bestselling story about the American Olympic rowing triumph in Nazi Germany—from the author of Facing the Mountain. Soon to be a major motion picture directed by George Clooney For readers of Unbroken, out of the depths of

the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington’s eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys’ own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man’s personal quest.
