 Rather what Perec seems more interested in is a playful semiology of absence, an absence not always a stark and empty void but rather a void as structural signifier. This is a concept very easily understood by anybody with musical aptitude.

 A Void (La Disparition) is a lipogram in which the letter e does not appear. In English this deprives one of an essential article ("the") and about two thirds of the words in the language; in French it is even worse, leaving one with about an eighth of the lexicon.
 A Void (Georges Perec) - book review
 A Void La Disparition as it's known

in French is about a bloke called Anton Vowl who goes missing after a health crisis. As such, it becomes something of a spoof detective story with noir elements and a flamboyant, melodramatic use of language.

 Georges Perec Excerpt. From "A Void" (one of Haig's favourite passages) Noon rings out. A wasp, making an ominous sound, a sound akin to a klaxon or a tocsin, flits about. Augustus, who has had a

bad night, sits up blinking and purblind.
