"This doctoral dissertation explores the prevailing notion of koinonia for understanding the nature and function of the church. Since the Scriptures assert that the church is 'the church of God', God's communal mode of existence is

looked at - namely, God who is a communion of three hypostases... - as a way of understanding the very being of the church as communion." - Abstract.
The Biblical Practice of Koinonia Koinonia House

This book can be a tremendous asset to pastors, church leaders, ministry volunteers and anyone else who desires to see their local church become more real, more enjoyable, more honest... more like the model of the early Church

in the Book of Acts. A balance of spiritual truth, humor, practical application, and personal experience, Keith Hubbs takes you through scripture and history to examine the five-fold ministry of Ephesians 4, carefully describing its purpose and intent, its function, and its overwhelming absence in today's Church! It will challenge what you believe about the ministry and your call as a Christian. It will challenge what you think you know about the proper order of church government. It will challenge you to examine your own motives in ministry, and help you realize how YOU fit into God's plan for His Church!

This book innovatively explores the notion of koinonia for understanding the nature and function of the Church. Since

the Scriptures assert that the Church is the Church of God, God's communal mode of existence is looked at namely, God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion. Such a notion of koinonia, far from having anything to do with socio-political understandings, suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism. More often than not, however, such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations, divisions and

even sins in history. In this way, it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God, and yet one still to be fully realised. Accordingly, this work shows that the Church is not only as the gift of God's miraculous presence here on earth. The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in God's eschatological kingdom. An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia. Having established the gift-goal dialectic in the notion of koinonia in the New Testament Church, the study then traces the trajectory of this dynamic

approach to koinonia in the Church's worship and authoritative structures. This promises to cast both a deeper light on, and a more realistic solution to ecclesiological problems within the life of the Church today, allowing for the Church's constant renewal.

The latest volume in Gabriel Fackre's "Christian Story" finds the dedicated

ecumenist attempting to examine the connections, or lack thereof, between worldwide ecumenical progress and the character of local churches as he observes them in twenty-first-century America. Drawing from his own fifty-year experience in the church as pastor, teacher, and parishioner, Fackre breaks open the myth of the church experience and exposes the reality of modern worship on a local level. "The Church" is rich in insight and fertile in its range of suggestions, most of them aimed at pastors and aspiring pastors -- the men and women who will carry the teachings of the church, its "kerygma," into the next generation and the ones that follow.

This book explores the relationship between Thomas F. Torrance's doctrine of the Trinity and his ecclesiology. Tyler utilizes the integrative motif of koinonia (communion) in order to unfold how the Church is correlated with the Triune communion of love, and how this shapes the Church's visible existence in the world.

This thesis researched the development and nurturing of koinonia in a small group setting as a way of building up a church with spiritual (qualitative) and

numerical (quantitative) growth as one of the results. When considering church growth a small group ministry is an important alternative to the standard church practice. Chapter 2 reviewed the purpose of the church, and explored the concept of building up the church using Biblical concepts as its basis for doing so. Chapter 3 deals with the role of koinonia in building up the church and its impact on church growth. It also identifies the ministry of small groups as being the most suitable method to develop and nurture koinonia amongst members of a congregation. The ministry of small groups has a great practical potential for the church. It enables members of the congregation to identify and use their spiritual gifts and talents, and in so doing, discover their

value and identity in Jesus Christ. Chapter 4 documents the findings of empirical research conducted amongst three South Korean Presbyterian churches that practice the ministry of small groups. The views of the three senior pastors were on the value of small groups were ascertained. This was followed by a detailed study, of the workings and effects of small groups covering 205 respondents spread across the three congregations. Based on the findings of the research, chapter 5 presents a proposed plan to build up the church, encouraging church growth through the development and nurturing of koinonia through a small groups ministry. The study proposes a seven fold approach to the implementation of a small group ministry designed to

stimulate spiritual and numerical growth through the development and nurturing of koinonia amongst church members.

AFRIKAANS : Hierdie tesis ondersoek die ontwikkeling en beoefening van koinonia (gemeenskapsbewustheid) in klein groepe as 'n wyse om die kerk se geestelike (kwalitatiewe) en getalle (kwantitatiewe) groei te bevorder. Met die oog op die groei van die kerk is die kleingroep-bediening 'n belangrike alternatief vir die standaard kerklike praktyk. Hoofstuk 2 bekijk die doel van die kerk, veral die opbou van die kerk volgens die Bybel se begrip daarvan. Hoofstuk 3 handel oor die rol van koinonia in die opbou van die kerk en die invloed daarvan op die ontwikkeling van die kerk. Die kleingroep-bediening is geïdentifiseer as die mees gepaste

metode om koinonia tussen die lidmate van die gemeente te stimuleer. Die kleingroep-bediening het 'n groot potensiaal vir die praktyk van die kerk. Dit stel lidmate in staat om hulle geestelike gawes en talente te ontdek, en op die wyse hulle waarde en identiteit in Jesus Christus te ontdek. Hoofstuk 4 dokumenteer die bevindings van die empiriese navorsing by drie Suid-Koreaanse Presbiteriaanse kerke wat 'n kleingroep-bediening toepas. Die drie senior leraars se seining van die waarde van klein groepe is verkry. Daarop volg 'n gedetailleerde studie van die werking en uitwerking van klein groepe soos verkry van 205 respondente vanuit die drie gemeentes. Op grond van die bevindings van die navorsing stel hoofstuk 5 'n plan voor om die kerk op te

bou en kerkgroei aan te moedig deur die beoefening van koinonia in 'n klein groepe. Die studie stel 'n sewevoudige benadering voor vir die toepassing van 'n kleingroep-bediening wat ontwerp in om geestelike en getalle groei te stimuleer deur die beoefening van koinonia tussen gemeentelede.

The current quandary that the Roman Catholic Church finds itself in right now is what Brother Louis DeThomasis calls "a crisis of confidence" in this insightful, provocative, and hopeful new book. He points to the way of unraveling the quandary by returning the church's historic belief in tradition- "the lived experience of the faithful" - as a source of ongoing revelation and renewal. This

is not an attack by someone intent on bringing down the church but rather a wake-up call for the church itself to recognize and embrace globalization, diversity, and democratization and begin to rebuild what DeThomasis calls "koinonia" or "communio". He uses the issue of the ordination of women as a case study of how the institutional church has fallen out of step with its own members but could work its way back to relevance and effectiveness by listening to them. Brother Louis makes it clear that he is not just criticizing others: "I know that I am guilty as anyone of many of the sins decried in this book. I too have been insensitive, closed-minded, arrogant, self-centered, too-quick-to-defend-the-indefensible, and overly protective of myself and my fellow

church-members. For this I am sorry. And for this reason I offer my book as a small token of atonement." But he does insist that the institutional church has to change quickly and fundamentally if it is to recover its creditability and authority. People like him who have dedicated their entire lives to the church have to speak up, he says: "I am a 70-year-old De LaSalle Brother, entering my well-developed understandings about the church that I feel I have not only a right but a duty to present to whomever might want to listen."

Worshipping and praying together have long been recognised as central to the quest for the visible unity of the church.

This book treats such topics as worship as an expression and experience of common faith, worship and culture, and local experiences of worship and unity in Latin America, Africa and India and in Orthodox and united congregations. "In common worship I experience the unity which the theologians only talk about." Many Christians would agree with this statement. Yet worship remains one of the most sensitive areas ecumenically; and in fact Christians often appear most divided over issues of worship, particularly when they cannot join together at the Lord's table. The book grew out of a remarkable meeting at which leading liturgical scholars, Protestant, Roman Catholic and Orthodox theologians, worship leaders, musicians and local pastors gathered for

an ecumenical discussion of the scriptural and theological basis, practical possibilities and problems of Christian worship today. Linking theory with practice, ranging from inculturation to icons, this volume includes papers by Gordon Lathrop, Anscar Chupungco O.S.B., Janet Crawford and Thomas FitzGerald, as well as lively accounts from around the world of how Christians today are exploring issues of worship and unity.

A Study of "fellowship" Among Churches of Christ Zondervan

Contemporary society is in crisis, its structures broken and fragmented, and its people overstimulated, overstressed, and thirsty for true communion with the sacred and with one another. Yet although more than eighty-five percent

of congregations in the United States conduct small-group ministry, too many of these groups begin with no clear sense of purpose, structure, or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity. In *The Church and the Crisis of Community* Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small-group ministry. Examining the latest sociological research and the real-life practices of small groups in six congregations, she shows how well-developed groups those with mission statements, leadership training, and solid organizational structure can be a truly effective tool in the church's work of transforming broken and shallow

forms of community into life-giving, life-sustaining relationships with God and others.

Do the programs crowding the typical church's weekly schedule today lack an essential element, one that is fundamental to their having the greatest spiritual impact? This biblically grounded book asserts that many leaders overlook the necessary precondition of discerning and cooperating with the empowering will of the Holy Spirit before putting their plans into action. *Growing the Church in the Power of the Holy Spirit* is a highly practical guide for nurturing relations between believers and the Holy Spirit, a process facilitated by seven dynamics.

- Love that draws us into engagement

- Faith and obedience
- Receiving divine guidance
- Exercising spiritual discernment
- Welcoming the gifts and manifestations of the Holy Spirit
- Intercessory prayer that shapes the future
- Seeing and responding to kairos moments

Advanced by the church leadership and brought into being by the Holy Spirit, these factors help congregations preach and teach, worship, heal, govern, make disciples of converts, and evangelize. One of this book's strengths is the use of case studies to illustrate how the seven dynamics can take root in local congregations.

This important document proposes new clarifications and pastoral steps that will

serve the pilgrimage toward full unity. It provides the biblical, historical, and theological foundations for a common Catholic-Lutheran understanding of the church. The text carefully links the biblical doctrine of justification to the development of the church in the New Testament as a community of salvation whose structures and ministries serve the church's mission to the human family. A detailed exposition is given to the development of the ministries and structures in the church: councils, dioceses, parishes, bishops, presbyters, and the Petrine ministry. Book jacket.

Is This What Church Was Meant to Be? Gospel Advocate Company

The Radical Disciple invites the followers of Christ to take seriously the scriptural mandate to love God and neighbor. The

cost of contemporary discipleship is just as high now as it was in the early days of the Christian church. But the sharp edge of the gospel mandate has been watered down. The hard passages of the Bible have been ignored by a church that has become too comfortable with the economic and political status quo. But when a disciple sidesteps the call of God to radically embrace the poor of the world, then that disciple also sidesteps the comfort and the inheritance that God holds for God's faithful people. We Christians represent a radical alternative to the greed, complacency, and violence of our age. The promise for us is the promise of community and celebration, joy and peace. But we must follow the way of the cross, which is just as relevant and compelling for us as it was for Jesus

two thousand years ago. So we have set before us in these pages a prescription for the servanthood that is required of us. By assuming the yoke of a servant, we claim joy and purpose for our lives. Read this book and gain insight into the meaning of these words for Christians and the church today.

What God Intended for the Body of Christ Fellowship among believers is more than just talking over coffee after church service. Biblical fellowship in New Testament times—or koinonia—had rich and varied meanings, including covenant relationship, partnership in the gospel, communion with God and others, and the sharing of earthly possessions. In *True Community*, bestselling author Jerry

Bridges guides you through koinonia and its implications for today's church. With discussion questions at the end of each chapter, this book will help you dig deeper into what Christian community in the twenty-first century should look like. The Book of Acts covers about 30 years: Chapters 2 and 3 of the Book of Revelation cover the next 2,000. This study will explore the seven letters by Jesus Christ to actual historical churches and the church ages they represent.

These letters describe, with amazing precision, the unfolding of all church history in advance. This chronicle fills the gap between the 69th and 70th Week of Daniel. We will also find many insightful personal applications as we apply each letter to ourselves.

This book explores how Seventh-day Adventists, like other Christians, can benefit from generating their own version of *communio ecclesiology*. It

starts by offering a critical analysis of the status quo of the existing Adventist portrayal of church as remnant, and suggests potential ways of moving this tradition forward. To articulate a more rounded and comprehensive vision of the church's rich and multifaceted relational nature, this book draws on the mainstream Christian koinonia-based framework. Consequently, it provides possible solutions to some of the most divisive ecclesial issues that Christian communities face today regarding church structure, ministry, mission, communal interpretation, and reform. As it sets on a new footing the conversation between Adventism and other mainstream Christian traditions, the methodology of this book serves as a pathway for any Christian community to

use when revisiting and enhancing its own current theologies of the church. *Ecumenical Perspectives on the 1991 Canberra Statement on Unity : a Study Document Requested by the Joint Working Group Between the Roman Catholic Church and the World Council of Churches* Fortress Academic

This book examines four large questions: Do we need a theology of music? (And if so, why?) What is the place of art music ('classical' music) in a postmodern world? What are the characteristics of 'the music of Jesus'? How can this music be manifested in the Christian community? Each question is addressed on the basis of building a consistent Biblical worldview which includes adequate respect for the powerful force of music. Although the book focuses on

the role of composers, its aim is to encourage serious musical examination, support, and action from within the entire evangelical Christian community, with an eye to affecting the culture at large. The author asserts that in the area of music the Church has become a cultural follower rather than a leader, adopting the dangerous postmodern tendency to define musical choices as matters of mere personal preference rather than seeking to define them on the basis of what God has revealed in the Word, by the Son, and through the Spirit. Specific suggestions are made by which the contemporary Christian community may resist such a tendency, even while building a dynamic, new, Christ-centered musical practice which can flourish in our postmodern world.
