Then, the English arrive, spreading incredible stories of free land in the West and inspiring her husband to dream of a new life in Idaho. Breaking the rules of their Order, Ruth's husband packs up his pregnant wife and their four children and joins a wagon train heading west. Though Ruth is determined to keep separate from the English, as stricture demands, the harrowing journey soon compels her to accept help from two unlikely allies: Hortence, the preacher's wife, and the tomboyish, teasing Sadie. But as these new friendships lead to betrayal, what started as a quest for a brighter future ends with Ruth making unthinkable sacrifices, risking faith and family, and transforming into a woman she never imagined she'd become....

We live in a world where beauty is everything. Society tells us that if we just looked a certain way, if we had the right products, if we were skinny enough, then we would be enough—we would have value. Society is wrong, but it took Katie H. Willcox years to understand this: "Over the course of my 30 short years, I have both worked as a professional model and been the exact opposite of our culture's beauty ideal. I have struggled with my weight and felt like I didn't and never would fit in. Then I had a powerful realization: my misery and self-loathing didn't change with my

weight or how 'pretty' society thought I was, so my looks weren't the source of happiness and worth that I had believed them to be. But then, what was? And how had I come to invest so much of myself in beliefs that were so untrue?" In these pages, Katie shares the lessons she learned in her journey to find the answers to these questions. She reveals who gains from our feeling small and why we need to examine the messages we receive from our culture and our families. She explains how we can redefine beauty, make healthy the new "skinny," and harness the power of our thoughts to choose self-love. Katie encourages us to discover our true magnificent selves, find our purpose, and pursue our dreams—and help others to do the same. Join the movement! 'Like Chaff in the Wind' is the second book in Anna Belfrage's time slip series featuring time traveller Alexandra Lind and her seventeenth century husband, Matthew Graham. Matthew Graham committed the mistake of his life when he cut off his brother's nose. Matthew arrives in Virginia in May of 1661, and any hope he had of finding someone willing to listen to his tale of unlawful abduction is quickly extinguished. He also realises that no one has ever survived the seven years of service - not on the plantation Suffolk Rose. Fortunately, Matthew has a remarkable wife who has no intention of letting her husband die, and so Alex Graham sets off on a perilous journey to bring him home. Alex is plagued by nightmares in which Matthew is reduced to a wheezing wreck by his ordeals. She prays for a miracle to carry her swiftly to his side, but fate has other plans, and what should have been a two month crossing turns into a yearlong adventure from one side of the Atlantic to the other. Will she find him in time? And if she does, will she be capable of paying the price required to buy him free?

A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-

deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.
