State-Owned Enterprises and Corruption What Are the Risks and What Can Be Done? Bloomsbury Publishing
The Regulatory Technology Handbook The transformational potential of RegTech has been confirmed in recent years with US\$1.2 billion invested in start-ups (2017) and an expected additional spending of US\$100 billion by 2020. Regulatory technology will not only provide efficiency gains for compliance and reporting functions, it will radically change market structure and supervision. This book, the first of its kind, is providing a comprehensive and invaluable source of information aimed at corporates, regulators, compliance professionals, start-ups and policy makers. The REGTECH Book brings into a single volume the curated industry expertise delivered by subject matter experts. It serves as a single reference point to understand the RegTech ecosystem and its impact on the industry. Readers will learn foundational notions such as:

- The economic impact of digitization and datafication of regulation
- How new technologies (Artificial Intelligence, Blockchain) are applied to compliance
- Business use cases of RegTech for cost-reduction and new product origination
- The future regulatory landscape affecting financial institutions, technology companies and other industries

Edited by world-class academics and written by compliance professionals, regulators, entrepreneurs and business leaders, the RegTech Book represents an invaluable resource that paves the way for 21st century regulatory innovation.

A Public Service John Wiley & Sons
The perspective of this book is to present "ethics" as a

conversation about how we decide what is good or bad, right or wrong. It is a collection of conversations employed by educators to assist accounting students in developing their understanding of accounting's ethical aspects and to help them develop into critical thinkers who consider the ethical complexities of the function of accounting in human society. Because we are social beings, ethics is a central human concern, since it involves determining the ethicality of human actions and their effect on other individuals, as well as determining the collective societal acceptance or rejection of an action. Thus, the book's primary goal is to call attention to the intersectionality of accounting and ethics and to encourage students and researchers to consider the ethical implications of accounting decisions. The book contains a diversity of perspectives within which discussions of accountants' and accounting's ethical responsibilities may occur. The contributing authors were deliberately chosen for their diverse perspectives on whence moral guidance for accounting may come. Each chapter stands on its own and represents the thinking of its authors. The book is not a primer on correct behavior for accountants but a place where educators may spur the conversation along.

Ethics and Business Cambridge University Press
Leaders from academia and industry offer guidance for professionals and general readers on ethical questions posed by modern technology.

Wiley CMAexcel Learning System Exam Review 2017: Part 2, Financial Decision Making (1-year access) Routledge

A signature 3-x-3 writing process, meaningful assignments and focused practice further equip you with the communication skills to stand out in business today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Strategic Corporate Social Responsibility John Wiley & Sons
In an increasingly globalized world, business ethics continues to gain importance as a field of study. This book provides a comprehensive overview of the essential concepts of business ethics related to the economy as a whole, as well as more closely understood corporate ethics related to the individual company. In contrast to more casuistic works on the topic, special emphasis is placed on a coherent theoretical foundation that puts economic analysis tools at the centre of the consideration. Both classical and experimental economic approaches and results are called upon. The importance of often-neglected dilemma structures and the resulting implications for an ethics of the modern age are given wide scope, while special attention is also paid to the value of empirical research for business ethics. A substantial portion of the book is devoted to corporate ethics and explores issues that encompass corporate responsibility in the context of compliance, corporate social responsibility, corporate citizenship, and creating shared value. This is intended to provide students and academics with an aid in the theoretical classification of the variety of concepts that often coexist incoherently in contemporary debate. As the topic has evolved, it has extended far beyond narrow disciplinary boundaries. This book is intended for students in the social sciences, particularly economics, business, and psychology, as well as the computer sciences, engineering, and the natural sciences.

Dispatches from the American Dystopia OECD Publishing
The book Mastering anti-corruption - The practitioners' view is aimed at presenting different ways and modes of mastering anti-corruption in selected countries. By showing examples and cases the authors of particular chapters would like to emphasize the necessity of implementing solutions that will help to prevent corruption at all or at least will diminish its negative effects on

business and human beings. The book is divided into four parts: "Introduction", "Anti-Corruption as a Topic in Practice - national and international perspective", "Anti-Corruption as a Topic in Practice - organizational perspective" and "Anti-Corruption as a Topic in Practice - ethical perspective". Authors of this book presented a wide range of issues and topics covering the problem of preventing and fighting the corruption around the world. Hopefully the cases will constitute a good practice for countries and nations facing the problem of corruption and will be an inspiration for further research as well as practical applications in this area.

Global Corruption and Ethics Management Fachmedien Recht und Wirtschaft

Packed with cases, exercises, simulations, and practice tests, the market-leading BUSINESS ETHICS: ETHICAL DECISION MAKING AND CASES, 11th Edition, thoroughly covers the complex environment in which managers confront ethical decision-making. Using a proven managerial framework, this accessible, applied text addresses the overall concepts, processes, and best practices associated with successful business ethics programs -- helping you see how ethics can be integrated into key strategic business decisions. Thoroughly revised, this edition incorporates coverage of new legislation affecting business ethics, the most up-to-date examples, and the best practices of high-profile organizations. It also includes 20 new or updated original case studies. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Measuring Compliance John Wiley & Sons

Get familiar with business sustainability in Asia Business Sustainability in Asia offers 12 chapters that cover different aspects of business sustainability with a keen focus on its implications in Asia. Anyone who is involved with business sustainability and corporate governance, the financial reporting process, investment decisions, legal and financial advising, assurance functions, and corporate governance education will be interested in this book. It examines business sustainability performance, reporting and assurance and their integration into strategy, governance, risk assessment, performance management, and the reporting process of disclosing governance, ethics, social, environmental, and economic sustainable

performance. The book also highlights how people, businesses, and resources collaborate in a business sustainability and accountability model. • Develop an awareness and understanding of the main themes, perspectives, frameworks, and issues pertaining to corporate governance and business sustainability in Asia • Covers a variety of issues relevant to business sustainability in Asia • Authored by an expert who has written extensively on the subject • Understand why organizations worldwide recognize the importance of sustainability performance If you're a business leader, executive, auditor, or student looking to familiarize yourself with this emerging subject, Business Sustainability in Asia has you covered.

Global Ethics, Compliance & Integrity Mandated Benefits 2017 Compliance Guide

This book explains the concepts of Ethical Business Practice (EBP) and Ethical Business Regulation (EBR), a new paradigm in compliance and enforcement based on behavioural science and ethics. EBR provides the basis for an effective relationship between a business and its regulators, resulting in better outcomes for both. EBR is attracting extensive attention from regulators and businesses around the world. The UK Government's 2017 Regulatory Futures Review draws on EBR as the foundation for its policy of 'regulatory self-assurance'. EBR draws on findings from behavioural science, responsive regulation, safety and business and integrity management to create a practical and holistic approach. Examples include the open culture that is essential for civil aviation safety, the Primary Authority agreements between regulators and national businesses, and feedback mechanisms provided by market vigilance systems and sectoral consumer ombudsmen. This book provides an essential blueprint for sustainable business and effective future regulation.

Exercising Your Ethics John Wiley & Sons

"This timely book is a guide to any would-be whistleblower, any person considering the disclosure of information which exposes wrong doing or harmful behavior. In today's highly surveilled digital world, knowing the safest and most secure way to reveal wrongdoing is critical. Thoroughly and in detail, Tim Schwartz outlines the pros and cons of different methods of exposure. It is the must-have handbook for concerned employees as well as journalists and lawyers working with whistleblowers." — Katharine

Gun, former British intelligence worker who revealed illegal U.S. wiretapping of the United Nations Security Council prior to the 2003 invasion of Iraq "Before reaching out to the media, whistleblowers need to safely and anonymously gather documentation of wrongdoing, and then figure out how to securely discuss it with journalists. In the age of ubiquitous surveillance, where even doing a single Google search could out you as the source, this is no simple or easy feat. The techniques described in this book are vital for anyone who wishes to blow the whistle while reducing their risk of retaliation." — Micah Lee, director of information security at The Intercept "Despite my 40 years of working with whistleblowers, Tim Schwartz taught me how much I still have to learn about protecting their identities. This easy-to-understand book, packed with practical nuts-and-bolts guidance, is a must-read for anyone who wants to blow the whistle anonymously." —Tom Devine, legal director, Government Accountability Project "A simple guide to a daunting and vital subject. Schwartz has done outstanding work explaining the ethical, personal, technical and legal considerations in blowing the whistle."—Cory Doctorow, Boing Boing "In today's digital age with the vast amount of information technology available to target disclosures that those in power would prefer remain hidden, this book provides a practical roadmap when making that often life-altering choice of standing up and exposing abuse and misuse of power across all sectors of society." —Thomas Drake, former National Security Agency senior executive and whistleblower Governments and corporations now have the tools to track and control us as never before. In this whistleblowing how-to, we are provided with tools and techniques to fight back and hold organizations, agencies, and corporations accountable for unethical behavior. Can one person successfully defy a globe-spanning corporation or superpower without being discovered? Can a regular citizen, without computer expertise, release information to the media and be sure her identity will be concealed? At a time we're told we are powerless and without agency in the face of institutions such as Google, Facebook, the NSA, or the FBI, digital security educator Tim Schwartz steps forward with an emphatic "yes." And in fewer than 250 pages of easy-to-understand, tautly written prose, he shows us how. A PUBLIC SERVICE can teach any one of us the tricks to securely and anonymously communicate and share information with the

media, lawyers, or even the U.S. Congress. This book is an essential weapon in the pervasive battle to confront corruption, sexual harassment, and other ethical and legal violations.

Managing Corporate Citizenship and Sustainability in the Age of Globalization Rowman & Littlefield Publishers
Public Relations Planning provides students with an in-depth understanding of the steps involved in planning and executing a successful PR campaign. Taking a strategic approach to the subject, the author brings years of practical experience to the project, helping students see how it all fits together in reality. The book goes beyond an introductory discussion of the theory of PR planning, incorporating material from cutting-edge research in the field. A discussion of the psychological aspects of communication, material on in-house/employee communication, as well as a chapter dedicated to discussing how social media strategies fit into a PR campaign, give students a real edge when it comes to executing an effective campaign. Plenty of global examples and a companion website featuring PowerPoint slides, a test bank, and answer key for end-of-chapter questions round out this excellent resource for students of public relations and corporate communication.

Business Ethics: Ethical Decision Making & Cases MDPI

An Integrated Approach for Business and Personal Success Oxford University Press, USA

How can you be an ethical corporate citizen in an increasingly complex, multiple-stakeholder world? This is the most pressing question facing businesses today, small and large, local and global. Business Ethics is a thorough yet accessible exploration of the main ethical theories and how these apply to the major stakeholders facing this question. Written from a truly international perspective and supported by diverse and innovative learning features, this book provides the tools and concepts necessary to understand and effectively manage ethical challenges wherever you are in the world. 'Key Concepts' and 'Think Theory' boxes ensure the essential ideas are straightforward to grasp but don't go unchallenged, while 'Ethics in Action' boxes and Case Studies illustrate these ideas at play in the working world. Step into the shoes of a decision-maker with 'Ethical Dilemma' boxes and hear from them first hand with new 'Practitioner Spotlight' boxes, which feature fascinating insights from real-life practitioners on how they manage ethical decisions and what skills they consider to be crucial to success. The fourth edition offers a wealth of new cases and examples as well as updates of favourites from previous editions, including features on AirBnB, TOMS, and McDonalds. Bespoke video interviews with

the practitioners from the book and new multiple-choice questions enhance the online resources for students, while workshop and flipped classroom activity ideas support lecturers. In addition, content has been thoroughly updated across the book and online to reflect the latest developments and issues surrounding corporate citizenship, globalization, and sustainability. Award-winning, best-selling, and up-to-date; this is the textbook of choice for those wishing to excel in business ethics. The book is supported by an extensive range of online resources: For students: Practitioner Spotlight videos and web links Additional Case Study web links Additional Ethics in Action web links Addition Ethics on Screen web links Think Theory responses Film list Ethics career guide Further reading Multiple-choice questions For lecturers: VLE content PowerPoint slides Test bank Case bank Sample course outline Teaching notes for Case Studies Teaching notes for Ethical Dilemmas Teaching notes for Ethics in Action features Teaching notes for Ethics on Screen features Ideas for structured workshops

The Cambridge Handbook of Compliance Cengage Learning
An essential, no-nonsense resource for academic leaders on effective leadership in higher education In Reframing Academic Leadership, leadership experts Lee Bolman and Joan Gallos provide an essential resource for academic leaders. Adapting Bolman and Deal's Four Frames model, they focus on the effective leadership in higher education. Colleges and universities are special, and it takes special skills to lead and manage them well. This book is a provocative and pragmatic guide for deans, directors, provosts, and others involved in the important work of building higher education institutions and communities. This edition contains substantial revisions and new material, including new cases and examples. You will gain a thorough understanding of how higher education leadership has changed in light of recent issues like the #MeToo movement, student debt, governing board dynamics, and the adjunctification of the professoriate. You'll learn how to craft the campus environment you envision, moving forward with practical tools and advice based on a solid conceptual framework. Learn to create a dynamic institution where the whole is greater than the sum of its parts Foster creativity and commitment campus-wide, forging alliances and partnerships in service of the mission Building shared vision and campus cultures that unite, inspire, and serving the larger goals

of the academy and society Discover concrete ideas for tackling difficult issues, managing conflict, and rising to the next level of leadership excellence Throughout this book, the authors integrate a powerful conceptual framework with rich and compelling real-world cases to support you in your search for the best in yourself and your institution. Reframing Academic Leadership is the resource for anyone seeking to understand, develop, and manage colleges and universities.

Bringing Moral Strength to Business Routledge

Mit dem vorliegenden Werk wird eine Publikationsreihe begründet, mit der der weltweiten Compliance-Community die aktuellen Entwicklungen zu Compliance, Wirtschaftsethik und Integrität in Organisationen auf globaler Ebene sowie in verschiedenen Ländern der Welt fortlaufend vermittelt werden. Die erste Ausgabe enthält über 40 Einzelbeiträge von Fachexperten für Compliance aus diversen Staaten und internationalen Organisationen (darunter der OECD, Weltbank, G20 und anderer), die in mehrere thematische Abschnitte eingeteilt wurden: grenz- und kulturüberschreitendes Compliance Management (nebst Aspekten der Ethik und Integrität), grenzüberschreitende Korruptionsbekämpfung, grenzüberschreitende Standardisierung und Kommunikation, Whistleblowing und interne Ermittlungen sowie die Compliance des internationalen Handels. Abgerundet wird die Ausgabe um die Beiträge zu den Compliance-Herausforderungen der Zukunft. Das Werk bietet damit einen umfassenden, aktuellen und kompetenten Überblick über weltweites Know-how und die Entwicklungstendenzen in der Entwicklung der Compliance, Ethik und Integrität in diversen Organisationsarten auf nationaler und globaler Ebene. Um diesem Anspruch gerecht zu werden, erscheint das Werk vollständig in englischer Sprache. This yearbook is the first in the series of annual publications designed to inform the global expert community of the latest developments and future challenges in the area of Ethics, Compliance and Integrity in different organizations (corporations, associations, the public administration etc.). This first edition contains over 40 individual contributions by professionals representing various disciplines, countries and international organizations. It is divided

into several thematic chapters, including cross-border and cross-cultural compliance and ethics management, cross-border anti-bribery systems, global standardization and intercultural communication, whistleblowing and internal investigations as well as international trade compliance. The yearbook is dedicated to compliance and ethics professionals, officers and managers, company directors, consultants, authorities, prosecutors, judges, scholars and any other interested persons.

Routledge

When Luke O'Neil isn't angry, he's asleep. When he's awake, he gives vent to some of the most heartfelt, political and anger-fueled prose to power its way to the public sphere since Hunter S. Thompson smashed a typewriter's keys. *Welcome to Hell World* is an unexpurgated selection of Luke O'Neil's finest rants, near-poetic rhapsodies, and investigatory journalism. Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O'Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. *Welcome to Hell World* is, in the author's words, a "fever dream nightmare of reporting and personal essays from one of the lowest periods in our country in recent memory." It is also a burning example of some of the best writing you're likely to read anywhere.

Business Communication: Process & Product Wolters Kluwer
Corruption is the antithesis of good governance, and it is a direct threat to the purpose of state ownership. This report brings a comprehensive set of facts and figures to the discussion about the corruption risks facing state-owned enterprises (SOEs).

Business Ethics John Wiley & Sons

Business Ethics teaches students how to create organizations of high integrity and superior performance. Author Denis Collins and new co-author Patricia Kanashiro walk readers through designing ethical organizations using an Ethical Systems Model that outlines best practices for hiring, training, making ethical decisions, and fostering trust. The substantially revised Third Edition integrates

the most current research findings; includes three new chapters on corporate governance and stakeholder relationships, global sustainability, and global corporate citizenship; and explores timely topics through new case studies on the opioid crisis, the #MeToo movement, climate change, and business responses to the COVID-19 pandemic. You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. Learn more.

A Behavioural and Values-Based Approach to Compliance and Enforcement OR Books

Strategic Corporate Social Responsibility, Fifth Edition is a comprehensive CSR text with a strong emphasis on strategy. Balancing theory and practical applications, the text is divided into two parts. The first half of the text provides an overview of the field, stakeholders perspective, CSR as a strategic filter, and how to implement CSR effectively. The second half of the book uses more than 20 cases to illustrate the organizational, economic, and societal issues surrounding CSR. The engaging cases capture contentious debates across the spectrum of CSR topics that culminate with a series of questions designed to stimulate further investigation and debate.
